Depths of Darkness

Designed as Kawasaki's response to the ground-breaking Honda CB750 of 1969, the Kawasaki 900 Super 4 Model Z1, affectionately referred to by many as the 'Z1000', appeared in 1972. It took the motorcycling world by storm and has a strong claim to be the world's first true ultimate superbike. Thirty years on, the (K)Z1000 Z1-R has emerged as one of Kawasaki's most desirable and sought after collectables from the 1970s. This book will help the reader appreciate the ever-evolving Japanese motorcycle styling and the introduction of various technologies as standard equipment, and just how sensational and unique these motorbikes really were.

In Depths of Darkness, Sol Angelica, the beautiful and restless niece of Tengel, becomes the focus of the story. At twenty years of age she is able to give full and free rein to her long-held wish to seek out ancient witches covens in the lowlands and to worship the Powers of Darkness unrestrainedly. At last she feels ready to fulfil all her secret and depraved dreams of power and carnal passion. Yet like her uncle Tengel, all her impulses are not evil - it is not only the dark powers that guide her. And she finds she is ready to give her life to protect those nearest and dearest to her.
