An Introduction to Accountancy, 11th Edition

Accounting Principles, 11th Edition

Accounting Principles, Third Canadian Edition

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

Reorganizations Under Chapter 11 of the Bankruptcy Code is the most complete and up-to-date one-volume treatment of this important business-planning tool. It contains a thorough discussion of Chapter 11 law and practice, including significant changes in: exclusivity; key employee retention plans; pre-petition severance pay; the debtor's ability to retain turnaround specialists; conversion and dismissal of cases; the obligation of creditors' committees to share information with members of the constituencies; and the way in which small business and single-asset real estate cases are conducted. This authoritative volume also brings you legal analysis and practical guidance on such subjects as: bankruptcy court jurisdiction; voluntary and involuntary petitions; creditors' committees; managing and operating the debtor and its business, including obtaining post-petition financing; treatment of secured creditors; dealing with executory contracts and unexpired leases; filing and allowance of proofs of claims and interests; the content, modification and confirmation of plans of reorganization, including a discussion of how claims may be classified; the effect of plan confirmation; and post-confirmation appeals and plan consummation. Reorganizations Under Chapter 11 of the Bankruptcy Code will keep you current on the latest statutory and regulatory developments while briefing you on the often conflicting decisions handed down by the courts

Cost Accounting: Principles & Practice, 12th Edition

A UGC recommended textbook for various commerce graduate programmes like B.Com, BBA, BBM and BBS. Also useful for CA, CS, ICMA, M.Com and MBA. The revised edition of Cost Accounting—Principles and Practice gives students a thorough grounding in cost concepts, cost behaviour, and costing methods. The subject matter has been presented in a student-friendly, systematic and intelligible manner. Every discussion involving conceptual difficulties is immediately followed by a numerical example. A large number of charts and diagrams bring to light finer points of the subject and make it easily comprehensible. The subject matter has been organized on 'first things first' basis to sustain the interest of the students. Additional problems and solutions have been included in the Appendix to help students.

This text is intended for a first course in introductory financial accounting. It was updated to reflect current International Financial Reporting Standards (IFRS). For example, it reflects the recent change in IAS38, para. 98, allowing the use of multiple methods in amortizing intangible assets. It focuses on core Introductory Financial Accounting topics that match pre-requisite requirements for students advancing to Intermediate Financial Accounting. Excluded are advanced topics that are covered in Intermediate Financial Accounting, such as leases and bond amortization. The text takes a corporate approach (vs. beginning with a sole proprietorship emphasis and then converting to a corporate approach); this consistency throughout the book reduces confusion for the introductory student. The book covers all essential topics: the accounting cycle, merchandising, assigning costs to inventory, cash and receivables, property, plant and equipment, debt financing, equity financing, statement of cash flows, financial statement analysis, and proprietorships and partnerships. Additionally, this version of the open text is supported by Lyryx Learning, offering at an affordable price editorial services to develop and adapt the content, formative online assessment, course supplements, and daily support to both the students and instructors.
