Green Mansions: A Romance of the Tropical Forest

Enfoques

This third edition of this text presents the major grammatical contrasts between English and Spanish in a simple and direct manner that is ideal for teachers of either language. This book addresses difficult grammatical topics for the English speaker, such as the question of aspect (preterit/imperfect) and the Spanish indicative/subjunctive; the English modal auxiliary system; and other challenging topics for the Spanish speaker. This reworked and expanded edition presents a complete inventory of all the major inter-lingual contrasts, emphasizing those contrasts that pose difficulties for teachers and students alike. The text features numerous exercises and, new with this edition, an extensive glossary of grammatical terms. Answer key available for download from the "features" tab on the publisher's website: <https://rowman.com/ISBN/9780761863755/Bilingual-Grammar-of-English-Spanish-Syntax-With-Exercises-and-a-Glossary-of-Grammatical-Terms-3rd-Edition>

Pacemaker Geometry

Books Out Loud

This book examines the ways in which cultural and creative industries can drive entrepreneurship, innovation, sustainability and overall regional development. It will address such issues as (1) the technical (tangible) components of creative and cultural industries in relation to innovation; (2) the intangible components of creative and cultural industries in relation to services provided; (3) the relationship between tangible and intangible components and economic and social innovation; and (4) the ways in which creative and cultural industries effect and influence regional sustainability and development. Cultural and creative industries and the creative economy as a whole have been increasingly prevalent in research literature because of their role in driving economic and social development. Cultural and creative industries also enable other forms of entrepreneurship and innovation beyond the traditional, technology-based focus of innovation, thereby enhancing regional growth and development through these channels. The contributions presented in this book discuss the main issues, challenges, opportunities and trends of cultural and creative industries through conceptual analysis and cases studies from different world regions. Featuring research from industries such as art, health care, beer and wine and education, this book provides researchers, academics, professionals and policy makers with a detailed examination of the development and potential of cultural and creative industries in regional and global economies.

Learn how to read in Spanish--starting right now! Easy Spanish Reader is a unique, easy-to-follow guide based on the premise that the best way to learn a language is to start reading it immediately! Whether you're a brand-new beginner or an advanced-beginning learner, this new edition gives you ways to dive into the language with engaging readings that progress in difficulty to match your growing reading skills. This process will allow you to rapidly build comprehension and confidence as you enjoy the stories. Easy Spanish Reader begins with the story of two high-school seniors involved with their Spanish Club. As you read about their experiences, you'll discover the nuances of language and culture right along

with the students. The next section contains a colorful history of Mexico, from the Conquistadors to the present, including vivid depictions of Cortès's encounters with the Aztecs. The last section is comprised of an abridged version of the classic story "Lazarillo de Tormes," which allows you to practice your grammar and vocabulary skills on a great work of Spanish literature. Progressive format makes it easy to quickly build comprehension Marginal word glossaries conveniently present new words and phrases Exercises challenge language comprehension and build reading skills Fully updated new editions, featuring expanded exercises and answer key

The Inform Designer's Manual

Help your students grasp geometric concepts Through a clear and thorough presentation, this program fosters learning and success for students of all ability levels with extensive skills practice, real-life connections, projects, and study aids. The accessible format helps students gain the understanding and confidence they need to improve their performance on standardized tests. Margin notes provide links to postulates and concepts previously taught; theorem boxes help students identify the big ideas in geometry. Featured lessons address calculator usage, applications, as well as paragraph proofs and constructions. Pre-taught vocabulary provides students with relevant background. Promenades, 2nd Edition, focuses on building those skills introductory students need to feel confident while immersing themselves in authentic French culture.

The Ultimate Spanish Review and Practice, 3rd Ed.

This book examines how sexual politics, specifically those surrounding the modernization of a consumer economy, are key

to understanding the transformation of Spain from isolated dictatorship to modern state. It focuses on issues concerning modernity and the commodification of the female body under the dictatorship of Francisco Franco in the 1950s and 1960s. These two decades are critical to understanding this transformation because they coincide with the opening of markets, the freer movement of people in and out of the country through tourism and emigration, and the embracing of the "American way of life" popularized in Hollywood movies. From a gender perspective this "in between moment" in Homi Bhabha's terms, from autarchy to consumerism favored the transition from the virginal female model, prescribed by the regime, (what the author calls "True Catholic Womanhood") to a seductive modern woman that the media sold to Spanish women. This study will add a significant piece to the growing corpus of literature on the body as an essential element of analysis in gender history and in the power dynamics of culture. It will help to fill a gap in the field of Spanish Cultural Studies in general and the emerging field of cultural Spanish history in particular. The originality of this study resides in Dr. Morcillo's use of feminist theories of the body to study archival sources of the Francoist years. Of special interest are the collections of Ministry of Culture and Administrative papers Women's Section of Falange at the Archivo General de la Administracion in Alcala de Henares. Also important are the works of intellectuals of the period, as well as health books, maternity and hygiene guides, conduct manuals, and documents produced by the Catholic Church hierarchy with regard to moral behavior and sexual mores that provide a textured analysis of gender relations under the dictatorship. The author's interest in unveiling the regime's technologies of control of ordinary Spaniards is covered through the study of the media, printed press, and the movie industry of this period particularly the so-called New Spanish Cinema inaugurated in the 1960s, illustrating how ads and films shaped and contested the regime's vision of modernity and gender roles. Through the production of dual versions of films the censorship process utilized women's cinematic bodies to present a more liberal image of Spain in the international scene. While nudity was allowed in the international versions the domestic productions continued to cut the customary kiss. The economy of desire displayed in today's Almodovar's films is already present in movies like La Tia Tula by Miguel Picazo (1964). This book will be essential for scholars and students interested in Ibero-American cultural studies, gender, religion, and totalitarian politics.

Expresate

Expertly written by the renowned trumpet virtuoso Allen Vizzutti, this comprehensive trumpet method provides a fantastic assortment of all-new intermediate to advanced-level exercises and etudes in all keys. It is organized into three volumes for greater study flexibility: Book 1, Technical Studies; Book 2, Harmonic Studies and Book 3, Melodic Studies. Available in SmartMusic.

The Seduction of Modern Spain

Panorama 4e SE V1(1-8)(LL) +SSPlus(wSAM and VTxt)(12M)

This book is open access under a CC-BY license. The multiple purposes of nature – livelihood for communities, revenues for states, commodities for companies, and biodiversity for conservationists – have turned environmental governance in Latin America into a highly contested arena. In such a resource-rich region, unequal power relations, conflicting priorities, and trade-offs among multiple goals have led to a myriad of contrasting initiatives that are reshaping social relations and rural territories. This edited collection addresses these tensions by unpacking environmental governance as a complex process of formulating and contesting values, procedures and practices shaping the access, control and use of natural resources. Contributors from various fields address the challenges, limitations, and possibilities for a more sustainable, equal, and fair development. In this book, environmental governance is seen as an overarching concept defining the dynamic and multi-layered repertoire of society-nature interactions, where images of nature and discourses on the use of natural resources are mediated by contextual processes at multiple scales.
