Personal Writings

Through the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach, Camus explored what he termed "the nakedness of man faced with the absurd." First published in 1946; now in a new translation by Matthew Ward.

The Myth of Sisyphus And Other Essays

"To create today means to create dangerously. Every publication is a deliberate act, and that act makes us vulnerable to the passions of a century that forgives nothing." In 1957, Nobel Prize-winning philosopher Albert Camus gave a speech entitled "Create Dangerously," effectively a call to arms for artists, in particular those who came from an immigrant background, like he did. Camus understood the necessity of those making art as a part of civil society. A bold cry for artistic freedom and responsibility, his words today remain as timely as ever. In this new translation, Camus's message, available as a stand-alone little book for the first time, will resonate with a new generation of writers and artists.

Day 21

In his first novel, A Happy Death, written when he was in his early twenties and retrieved from his private papers following his death in 1960, Albert Camus laid the foundation for The Stranger, focusing in both works on an Algerian clerk who kills a man in cold blood. But he also revealed himself to an extent that he never would in his later fiction. For if A Happy Death is the study of a rule-bound being shattering the fetters of his existence, it is also a remarkably candid portrait of its author as a young man. As the novel follows the protagonist, Patrice Mersault, to his victim's house -- and then, fleeing, in a journey that takes him through stages of exile, hedonism, privation, and death -it gives us a glimpse into the imagination of one of the great writers of the twentieth century. For here is the young Camus himself, in

love with the sea and sun, enraptured by women yet disdainful of romantic love, and already formulating the philosophy of action and moral responsibility that would make him central to the thought of our time. Translated from the French by Richard Howard

Naruto: Itachi's Story, Vol. 2

In the speech he gave upon accepting the Nobel Prize for Literature in 1957, Albert Camus said that a writer "cannot serve today those who make history; he must serve those who are subject to it." And in these twenty-three political essays, he demonstrates his commitment to history's victims, from the fallen maquis of the French Resistance to the casualties of the Cold War. *Resistance, Rebellion and Death* displays Camus' rigorous moral intelligence addressing issues that range from colonial warfare in Algeria to the social cancer of capital punishment. But this stirring book is above all a reflection on the problem of freedom, and, as such, belongs in the same tradition as the works that gave Camus his reputation as the conscience of our century: *The Stranger*, *The Rebel*, and *The Myth of Sisyphus*.

1001 Movies You Must See Before You Die

J. P. Cuenca is a surprising transnational voice in Brazilian literature whose central theme of cultural otherness urges his audience to rethink globalization in more carefully defined, more humanistic terms

The Adulterous Woman

The Nobel Prize winner's most influential and enduring political writings, newly curated and introduced by acclaimed Camus scholar Alice Kaplan. Albert Camus (1913-1960) is unsurpassed among writers for a body of work that animates the wonder and absurdity of existence. *Committed Writings* brings together, for the first time, thematically-linked essays from across Camus's writing career that reflect the scope of his political thought. This pivotal collection embodies Camus's radical and unwavering commitment to upholding human rights, resisting fascism, and creating art in the service of justice.

Happy People Read and Drink Coffee

Exile and the Kingdom

Ecstatic Confessions

One of the most influential works of this century, *The Myth of Sisyphus and Other Essays* is a crucial exposition of existentialist thought. Influenced by works such as *Don Juan* and the novels of Kafka, these essays begin with a meditation on suicide; the question of living or not living in a universe devoid of order or meaning. With lyric eloquence, Albert Camus brilliantly posits a way out of despair, reaffirming the value of personal existence, and the possibility of life lived with dignity and

authenticity.

History of the Byzantine Empire, 324-1453

“What an astonishing collection! Provoking, ferocious, moving, splendid, generous and essential. I seemed to finish the book in a different world than the one in which I began it.” —Kelly Link, author of *Get In Trouble* and *Stranger Things Happen* In her mesmerizing debut, Shobha Rao recounts the untold human costs of one of the largest migrations in history. 1947: the Indian subcontinent is partitioned into two separate countries, India and Pakistan. And with one decree, countless lives are changed forever. *An Unrestored Woman* explores the fault lines in this mass displacement of humanity: a new mother is trapped on the wrong side of the border; a soldier finds the love of his life but is powerless to act on it; an ambitious servant seduces both master and mistress; a young prostitute quietly, inexorably plots revenge on the madam who holds her hostage. Caught in a world of shifting borders, Rao’s characters have reached their tipping points. In paired stories that hail from India and Pakistan to the United States, Italy, and England, we witness the ramifications of the violent uprooting of families, the price they pay over generations, and the uncanny relevance these stories have in our world today.

Where Women Are Kings

A Russian princess, a refugee from the Bolsheviks, abandoned by a faithless husband, flees with her child to France, where she is subsequently found half-naked on a riverbank next to a body of a man with a terrible wound on his head.

Three Japanese Short Stories

Create Dangerously

A haunting tale of human resilience in the face of unrelieved horror, Camus' novel about a bubonic plague ravaging the people of a North African coastal town is a classic of twentieth-century literature.

An Unrestored Woman

The Nobel Prize winner's most influential and enduring personal writings, newly curated and introduced by acclaimed Camus scholar Alice Kaplan. Albert Camus (1913-1960) is unsurpassed among writers for a body of work that animates the wonder and absurdity of existence. *Personal Writings* brings together, for the first time, thematically-linked essays from across Camus's writing career that reflect the scope and depth of his interior life. Grappling with an indifferent mother and an impoverished childhood in Algeria, an ever-present sense of exile, and an ongoing search for equilibrium, Camus's personal essays shed new light on the emotional and experiential foundations of his philosophical thought and humanize his most celebrated works.

Neither Victims nor Executioners

The first novel in the wildly popular #1 New York Times bestselling Sisterhood of the Traveling Pants series, from the author of *The Whole Thing Together* and *The Here and Now*. Some friends just fit together. Once there was a pair of pants. Just an ordinary pair of jeans. But these pants, the Traveling Pants, went on to do great things. This is the story of the four friends—Lena, Tibby, Bridget, and Carmen—who made it possible. Pants = love. Love your pals. Love yourself. "Funny, perceptive, and moving." --USA Today "An outstanding and vivid book that will stay with readers for a long time." —Publishers Weekly, Starred, Flying Start "The loving depiction of enduring and solid friendship will ring true to readers." —The Bulletin, Recommended "A feel-good novel of substance." —Kirkus Reviews, Starred "Uplifting." —Seventeen

Resistance, Rebellion, and Death

Now an HBO limited series starring Ben Mendelsohn! Evil has many faces...maybe even yours in this #1 New York Times bestseller from master storyteller Stephen King. An eleven-year-old boy's violated corpse is discovered in a town park. Eyewitnesses and fingerprints point unmistakably to one of Flint City's most popular citizens—Terry Maitland, Little League coach, English teacher, husband, and father of two girls. Detective Ralph Anderson, whose son Maitland once coached, orders a quick and very public arrest. Maitland has an alibi, but Anderson and the district attorney soon have DNA evidence to go with the fingerprints and witnesses. Their case seems ironclad. As the investigation expands and horrifying details begin to emerge, King's story kicks into high gear, generating strong tension and almost unbearable suspense. Terry Maitland seems like a nice guy, but is he wearing another face? When the answer comes, it will shock you as only Stephen King can.

The History of Love: A Novel

Endorsements: "The reissue of Camus' seminal essay, 'Neither Victims nor Executioners,' could hardly be more timely. In Iraq and Afghanistan, the hideous march to oblivion goes on apace. America is ironically reversing the ethic proposed by Camus' title. American adventuring, playing the part of omnipotent executioner, is creating multitudes of victims. No search is undertaken for a 'third way.' Indeed, were the Camus thesis proposed, it would evoke only wide-eyed innocent arrogance. Kennedy and Klotz-Chamberlin have dedicated a lifetime to the 'third way' commended by Camus. Our gratitude to our mentors for a prescient, timely introduction." --Fr. Daniel Berrigan, SJ "Pacifists are not looking for a Utopian outlook nor unrealistic expectations. Many said, 'South Africa will not change.' But it did. Others looked at Northern Ireland and, it took years, but it also changed. The Soviet Union changed. The Middle East will change but not through violence or murder. We still think of ourselves within borders, protecting ourselves from others, Europe took its borders away and they are better. South, Central, and North America should take away their borders, as well as people in the Middle East. . . . We should build a culture of nonviolence through an understanding of human rights without regard to race, religion, and nationality." --Mubarak Awad, founder of Nonviolence International "If we spontaneously approve of nuclear terrorism, if we become apologists for the uninhibited use of naked power, we are thinking like

Communists, we are behaving like Nazis, and we are well on the way to becoming either one or the other. In that event we had better face the fact that we are destroying our own Christian heritage." --Thomas Merton Author Biography: Albert Camus (November 7, 1913 - January 4, 1960) was a French author and philosopher and one of the principal luminaries (with Jean-Paul Sartre) of existentialism. He was awarded the Nobel Prize for Literature in 1957.

The Only Happy Ending for a Love Story is an Accident

Camus's writing confronts the great philosophical dilemmas of our time with piercing clarity. These three powerful and evocative stories are heavy with the weight of the human condition, and rich with atmosphere. In them, an ageing labourer, a woman travelling in North Africa with her husband, and a schoolteacher tasked with transporting a prisoner each face their own moral crises.

The Infinite Book

Legăturile dintre Lia și Luca sunt profunde. Cei doi au trăit în alte timpuri, la începuturile omenirii, ca Lheya și Beleth, într-un oraș numit Elazard, însă povestea lor nu a ajuns la final nici în zilele noastre. Abia acum s-au regăsit cu adevărat, iar amintirile altei vieți vin peste ei ca un tăvălug și îi forțează să se privească adânc în suflet. Sentimentele de atunci revin, năucindu-i cu forța și vigoarea cu care își cer dreptul la viață. Însă, la fel cum lucrurile nu au fost ușoare atunci, nu vor fi nici acum. Obstacole terifiante le vor fi puse în cale de cei ce vor să împiedice ca o profeție din zorii veacurilor să se împlinească. Ei doi sunt cheia și, de aceea, toate forțele răului își vor da mâna pentru a le încurca planul de a fi împreună. Dar ce s-a întâmplat atunci în Elazard?

The Stranger

Here are authors ranging from Kathy Acker to James Baldwin, Truman Capote to Stanislaw Lem and George Orwell to Shirley Jackson; essays radical and inspiring; poems moving and disturbing; stories surreal and fabulous; taking us from the deep South to modern Japan, New York's underground scene to the farthest reaches of outer space.

The Stranger

Saroyan's debut collection of stories. A timeless selection of brilliant short stories that won William Saroyan a position among the foremost, most widely popular writers of America when it first appeared in 1934. With the greatest of ease William Saroyan flew across the literary skies in 1934 with the publication of The Daring Young Man on the Flying Trapeze and Other Stories. One of the first American writers to describe the immigrant experience in the U.S., Saroyan created

characters who were Armenians, Jews, Chinese, Poles, Africans, and the Irish. The title story touchingly portrays the thoughts of a very young writer, dying of starvation. All of the tales were written during the great depression and reflect, through pathos and humor, the mood of the nation in one of its greatest times of want.

The 1940 Under the Volcano

The Fall ; And, The Outsider

The 1940 Under the Volcano—hidden for too long in the shadows of Lowry's 1947 masterpiece—differs from the latter in significant ways. It is a bridge between Lowry's 1930s fiction (especially In Ballast to the White Sea) and the 1947 Under the Volcano itself. Joining the recently published Swinging the Maelstrom and In Ballast to the White Sea, The 1940 Under the Volcano takes its rightful place as part of Lowry's exciting 1930s/early-40s trilogy. Scholars have only recently begun to pay systematic attention to convergences and divergences between this earlier work and the 1947 version. Miguel Mota and Paul Tiessen's insightful introduction, together with extensive annotations by Chris Ackerley and David Large, reveal the depth and breadth of Lowry's complex vision for his work. This critical edition fleshes out our sense of the enormous achievement by this twentieth-century modernist.

Looking for The Stranger

The second book in the New York Times bestselling series that inspired the hit CW television show! It's been 21 days since the hundred landed on Earth. They're the only humans to set foot on the planet in centuries or so they thought. Facing an unknown enemy, Wells attempts to keep the group together. Clarke strikes out for

Mount Weather, in search of other colonists, while Bellamy is determined to rescue his sister, no matter the cost. And back on the ship, Glass faces an unthinkable choice between the love of her life and life itself. In this pulse-pounding sequel to *The 100*, secrets are revealed, beliefs are challenged, and relationships are tested. And the hundred will struggle to survive the only way they can--together.

The Plague

ONE OF THE MOST LOVED NOVELS OF THE DECADE. A long-lost book reappears, mysteriously connecting an old man searching for his son and a girl seeking a cure for her widowed mother's loneliness. Leo Gursky taps his radiator each evening to let his upstairs neighbor know he's still alive. But it wasn't always like this: in the Polish village of his youth, he fell in love and wrote a book...Sixty years later and half a world away, fourteen-year-old Alma, who was named after a character in that book, undertakes an adventure to find her namesake and save her family. With virtuosic skill and soaring imaginative power, Nicole Krauss gradually draws these stories together toward a climax of "extraordinary depth and beauty" (Newsday).

The Steppe & Other Stories

Beginning with Buber's seminal essay on mysticism, this book offers texts down the centuries from oriental, pagan, Gnostic, Eastern Orthodox, Catholic, Jewish and Muslim sources. It aims to convey some quality of an experience that is essentially beyond the power of words to capture.

American Sniper

These six stories, written at the height of Camus' artistic powers, all depict people at decisive, revelatory moments in their lives. Translated by Justin O'Brien.

Strainul

In 1991 Chuck Mawhinney was reluctantly dragged out of anonymity when it was revealed that he held the record among United States Marine Corps snipers with over 103 confirmed kills. This story takes a look at the mindset and philosophy of an American Sniper as he is thrown into Arizona territory (named as such because of its numerous Wild West style firefights) at the height of the Vietnam War.

The Outsider

The day his mother dies, Meursault notices that it is very hot on the bus that is taking him from Algiers to the retirement home where his mother lived; so hot that he falls asleep. Later, while waiting for the wake to begin, the harsh electric lights in the room make him extremely uncomfortable, so he gratefully accepts the coffee the caretaker offers him and smokes a cigarette. The same burning sun that so oppresses him during the funeral walk will once again blind the calm, reserved Meursault as he walks along a deserted beach a few days later—leading him to commit an irreparable act. This new illustrated edition of Camus's classic novel *The*

Stranger portrays an enigmatic man who commits a senseless crime and then calmly, and apparently indifferently, sits through his trial and hears himself condemned to death.

The Daring Young Man on the Flying Trapeze

For a thousand years, infinity has proven to be a difficult and illuminating challenge for mathematicians and theologians. It certainly is the strangest idea that humans have ever thought. Where did it come from and what is it telling us about our Universe? Can there actually be infinities? Is matter infinitely divisible into ever-smaller pieces? But infinity is also the place where things happen that don't. All manner of strange paradoxes and fantasies characterize an infinite universe. If our Universe is infinite then an infinite number of exact copies of you are, at this very moment, reading an identical sentence on an identical planet somewhere else in the Universe. Now Infinity is the darling of cutting edge research, the measuring stick used by physicists, cosmologists, and mathematicians to determine the accuracy of their theories. From the paradox of Zeno's arrow to string theory, Cambridge professor John Barrow takes us on a grand tour of this most elusive of ideas and describes with clarifying subtlety how this subject has shaped, and continues to shape, our very sense of the world in which we live. The Infinite Book is a thoroughly entertaining and completely accessible account of the biggest subject of them all—infinity.
