Vince Guaraldi at the Piano

From early childhood singing in church to the rock 'n' roll limelight of Derek and the Dominos, Bobby Whitlock launched a musical journey still going to this day. Whitlock's life story does more than share rock gossip about stars like Keith Moon, George Harrison, and Eric Clapton, however. Whitlock candidly discusses his abusive childhood, his experiences with Delaney and Bonnie, failed marriages, and drug addiction, and how the star-studded lifestyle evolved into a peaceful partnership with his wife and musical partner.

There are four types of people: 1. Naturally humorous 2. Naturally serious 3. Generally humorous, with some seriousness 4. Generally serious with some humor My mother was raised by

a serious Polish-born father with some humor and a humorous British lady with some seriousness. She emulated the best of her parents and passed on these qualities to her sons, especially this one as is evident in the prose. We hope and pray that these poems will reflect her positive nature and inspire our dear readers. Please treat this book with respect as there are many quotations from holy writings.

This is the story of a teenage girl who has been chosen by Power to become a Witch. She will attend a private school of Wizardry. The name of the school is WANA GI YATA, which is Lakota for Spirit Land. The school was established in the time of the Anasazi, by Medicine Men of the plains Indians, the Aztec's and the Mayan. When the Europeans came to the America's they brought their witchcraft with them. They were not afforded the religious freedoms that mainstream religions received. Their persecution forced them underground. This led them to join the native American Medicine Men, and become a part of the system for passing on their craft to the next generation.

Although Vince Guaraldi's playful jazz piano themes for the early Peanuts animated television specials are well known, the composer himself remains largely unheralded. More than merely "the Peanuts guy," Guaraldi cut his jazz teeth as a member of combos fronted by Cal Tjader and Woody Herman, and garnered Top 40 fame with his Grammy Award-winning hit "Cast Your Fate to the Wind." This career study gives Guaraldi long-overdue recognition, chronicling his years as a sideman; his attraction to the emerging bossa nova sound of the late 1950s; his collaboration with Brazilian guitarist Bola Sete; his development of the Grace Cathedral Jazz Mass; his selection as the fellow to put the jazz swing in Charlie Brown's step; and his emergence as a respected veteran in the declining Northern California jazz club scene of the 1970s. Throughout, this welcome volume conveys the magic and legacy of one of jazz music's overlooked treasures.

This moving work recalls the decade's prodigious effect on a generation of Americans that came of age during that transformative time of changing mores. Janet Mason Ellerby follows the crooked path she took from a protected and privileged childhood and early adolescence to her unplanned pregnancy and banishment and to her daughter's birth and adoption. She then delves into the complex journey embarked on over the next thirty-five years, haunted by her first child's memory and attempting to compensate for her loss. Ellerby crafts an autoethnography, relating and reflecting upon the changes in middle-class American attitudes that informed the conservative suburbs of the fifties, through the political revolution of the sixties, seventies, and into today. In so doing, she provides a personal commentary on the shifts in adoption culture and describes the overlooked heartbreak that many birthmothers endure.

Destiny's Fate

Do you want to know when Duke Ellington was king of The Cotton Club? Have you ever wondered how old Miles Davis was when he got his first trumpet? From birth dates to gig dates and from recordings to television specials, Leonard Feather and Ira Gitler have left no stone unturned in their quest for accurate, detailed information on the careers of 3.300 jazz musicians from around the world. We learn that Duke Ellington worked his magic at The Cotton Club from 1927 to 1931, and that on Miles Davis's thirteenth birthday, his father gave him his first trumpet. Jazz is fast moving, and this edition clearly and concisely maps out an often dizzying web of professional associations. We find, for instance, that when Miles Davis was a St. Louis teenager he encountered Charlie Parker and Dizzy Gillespie for the first time. This meeting proved fateful, and by 1945 a nineteen-year-old Davis had left Juilliard to play with Parker on 52nd Street. Knowledge of these professional alliances, along with the countless others chronicled in this book, are central to tracing the development of significant jazz movements, such as the "cool jazz" that became one of Miles Davis's hallmarks. Arranged alphabetically according to last name, each entry of this book chronologically lists the highlights of every jazz musician's career. Highly accessible and vigorously researched, The Biographical Encyclopedia of Jazz is, quite simply, the most comprehensive jazz encyclopedia available.

After four weeks of hospitalization and five more weeks of intense therapy and recovery at home, I returned to my job with the State of Arizona. Barack Obama had just been elected President of the United States. An ever worsening economic crisis was gripping this country. The historically predictable causes for this crisis had been forewarned by renowned scholars. For now, consider the "health" of a US economy that's been moving away from producing real products to one which exchanges paper -- buying and selling corporate and consumer debt making financial bets, i.e., hedging. Contemporaneously erode this economy's middle class while concentrating its wealth into fewer hands. That's what's been happening in the US over the last 40+ years. It's an historical flashing red light for the end of an empire. Guess which empire. On May 18, 2009, I was advised that due to budgetary constraints, the Arizona Office for Americans with Disabilities was to be permanently closed. My job as Executive Director would terminate. dominated the twentieth century.
