Understanding Medicare Coverage for Home Health Aides

A home health aide works in the home of their client Mrs. Thompson, who is terminally ill. One day a neighbor asks the health aide if Mrs. Thompson is very ill.

Home Health & Hospice - Subject

A home health aide cares for people who have disabilities, chronic illnesses, cognitive impairments, or age-related problems, who have the need or desire to still live in their own home. The home health aide provides basic services that include administering medications, changing bandages, and checking vital signs like temperature, and pulse and respiration rates.

Home Health Aide Job Description: Salary, Skills, & More

Home health aides generally work for a certified hospice or home health agency that receives government reimbursements from Medicare and Medicaid; these home health aides must complete a formal training program and pass a competency exam or state certification program. The National Association for Home Care and Hospice (NAHC) oversees home

Home Health Aides - Home Care Services - The New Jewish Home

A home health aide is a professional who helps elderly or disabled people who are living in their own homes instead of nursing homes or health care facilities. Home health aides also sometimes work with people who are recovering from illnesses, injuries, or surgeries. The key purpose of home health aides is to help people recover or live in a safe, healthy way in their own homes. Home health aides provide routine personal care to the elderly or disabled.

In-Home Supportive Services (IHSS) Program

A home health aide improves the quality of life for people through professional, hands-on care and compassionate kindness. For many Right at Home clients, a home health aide or caregiver becomes a trusted friend. Home health aides with specialized training can administer a client's medication or check vital signs under the direction of a registered nurse or other medical professional. Qualified home health aides may also change bandages and dressings and help with medical equipment.
