The Advertising Red Books: Business classifications

Show biz memoir at its name-dropping, bridge-burning, profane best: the music industry's most outspoken, outrageous, and phenomenally successful executive delivers a rollicking memoir of pop music's heyday. During the 1970s and '80s the music business was dominated by a few major labels and artists such as Michael Jackson, Bruce Springsteen, the Rolling Stones, Bob Dylan, Billy Joel, Paul Simon, Barbra Streisand and James Taylor. They were all under contract to CBS Records, making it the most successful label of the era. And, as the company's president, Walter Yetnikoff was the ruling monarch. He was also the most flamboyant, volatile

and controversial personality to emerge from an industry and era defined by sex, drugs and debauchery. Having risen from working-class Brooklyn and the legal department of CBS, Yetnikoff, who freely admitted to being tone deaf, was an unlikely label head. But he had an uncanny knack for fostering talent and intimidating rivals with his appalling behavior—usually fueled by an explosive combination of cocaine and alcohol. His tantrums, appetite for mind-altering substances and sexual exploits were legendary. In Japan to meet the Sony executives who acquired CBS during his tenure, Walter was assigned a minder who confined him to a hotel room. True to form, Walter raided the minibar, got blasted and, seeing no other means of escape, opened a hotel window and vented his rage by literally howling at the moon. In Howling at the Moon, Yetnikoff traces his journey as he climbed the corporate mountain, danced on its summit and crashed and burned. We see how Walter became the father-confessor to Michael Jackson as the King of Pop reconstructed his face and agonized over his image while constructing Thriller (and how, after it won seven Grammies, Jackson made the preposterous demand that Walter take producer Quincy Jones's name off the album); we see Walter, in maniacal pursuit of a contract, chase the Rolling Stones around the world and nearly come to blows with Mick Jagger in the process; we get the tale of how Walter and Marvin Gaye—fresh from the success of "Sexual Healing"—share the same woman, and of how Walter bonds with Bob Dylan because of their mutual Jewishness. At the same time we witness Yetnikoff's clashes with Barry Diller, David Geffen, Tommy Mottola, Allen Grubman and a host

of others. Seemingly, the more Yetnikoff feeds his cravings for power, sex, liquor and cocaine, the more profitable CBS becomes—from $485 million to well over $2 billion—until he finally succumbs, ironically, not to substances, but to a corporate coup. Reflecting on the sinister cycle that left his career in tatters and CBS flush with cash, Yetnikoff emerges with a hunger for redemption and a new reverence for his working-class Brooklyn roots. Ruthlessly candid, uproariously hilarious and compulsively readable, Howling at the Moon is a blistering You'll Never Eat Lunch in this Town Again of the music industry.

Grammar for Middle School: Ten Pack

MEDIEVAL MUSIC, MAGICAL MINDS It has only been since the Age of Reason that human beings consider music to be strictly an aesthetic experience. Up until that time, however, music was both intended and designed to have a specific effect upon the mind and emotions of the listener. Religious chant was designed to raise consciousness. Dance music was meant to celebrate fertility, both human and that of the Earth, and to bring earthly joy and ecstasy to those both dancing and listening. This groundbreaking book fulfills two purposes. The first is to introduce interested musicians to the increasingly-popular field of medieval music. The second is to trace the history of all music, as well as its effect upon the level of awareness of the listeners. Internationally-noted soprano Mary Devlin, a great lover of medieval music expounds upon both her studies and her experience with that

genre to try to recreate the thoughts and feelings of the people in the Middle Ages who once composed, performed, and lived that music.

The Art of Control Engineering provides a refreshingly new and practical treatment of the study of control systems. The opening chapters assume no prior knowledge of the subject and are suitable for use in introductory courses. The material then progresses smoothly to more advanced topics such as nonlinear systems, Kalman filtering, robust control, multivariable systems and discrete event controllers. Taking a practical perspective, the text demonstrates how the various techniques fit into the overall picture of control and stresses the ingenuity required in choosing the best tool for each job and deciding how to apply it. The most important topics are revisited at appropriate levels throughout the book, building up progressively deeper layers of knowledge. The Art of Control Engineering is an essential core text for undergraduate degree courses in control, electrical and electronic, systems and mechanical engineering. Its broad, practical coverage will also be very useful to

postgraduate students and practising engineers.

The central claim of this book is that, early and late, Wittgenstein modelled his approach to existential meaning on his account of linguistic meaning. A reading of Nietzsche's The Birth of Tragedy sets up Bearn's reading of the existential point of Wittgenstein's Tractatus. Bearn argues that both books try to resolve our anxiety about the meaning of life by appeal to the deep, unutterable essence of the world. Bearn argues that as Wittgenstein's and Nietzsche's thought matured, they both separately came to believe that the answer to our existential anxiety does not lie beneath the surfaces of our lives, but in our acceptance--Nietzsche's "Yes"--of the groundless details of those surfaces themselves: the wonder of the ordinary

Winner of the National Book Critics Circle Award in Fiction Finalist for the 2017 PEN Faulkner Award In this literary masterwork, Louise Erdrich, the bestselling author of the National Book Award-winning The Round House and the Pulitzer Prize nominee The Plague of Doves wields her breathtaking narrative magic in an emotionally haunting contemporary tale of a tragic accident, a demand for justice, and a profound act of atonement with ancient roots in Native American culture. North Dakota, late summer, 1999. Landreaux Iron stalks a deer along the edge of the property bordering his own. He shoots with easy confidence—but when the buck

springs away, Landreaux realizes he's hit something else, a blur he saw as he squeezed the trigger. When he staggers closer, he realizes he has killed his neighbor's five-year-old son, Dusty Ravich. The youngest child of his friend and neighbor, Peter Ravich, Dusty was best friends with Landreaux's five-year-old son, LaRose. The two families have always been close, sharing food, clothing, and rides into town; their children played together despite going to different schools; and Landreaux's wife, Emmaline, is half sister to Dusty's mother, Nola. Horrified at what he's done, the recovered alcoholic turns to an Ojibwe tribe tradition—the sweat lodge—for guidance, and finds a way forward. Following an ancient means of retribution, he and Emmaline will give LaRose to the grieving Peter and Nola. "Our son will be your son now," they tell them. LaRose is quickly absorbed into his new family. Plagued by thoughts of suicide, Nola dotes on him, keeping her darkness at bay. His fierce, rebellious new "sister," Maggie, welcomes him as a coconspirator who can ease her volatile mother's terrifying moods. Gradually he's allowed shared visits with his birth family, whose sorrow mirrors the Raviches' own. As the years pass, LaRose becomes the linchpin linking the Irons and the Raviches, and eventually their mutual pain begins to heal. But when a vengeful man with a long-standing grudge against Landreaux begins raising trouble, hurling accusations of a cover-up the day Dusty died, he threatens the tenuous peace that has kept these two fragile families whole. Inspiring and affecting, LaRose is a powerful exploration of loss, justice, and the reparation of the human heart, and an unforgettable, dazzling tour de force from one of America's most distinguished literary masters.
