While his peers were graduating from college, buying homes, getting married, having kids, and leading normal lives, Mike was snorting OxyContin, climbing out of cars at gunpoint, and burying his childhood friends. Long hours, low wages, and unsafe workplaces characterized sweatshops a hundred years ago. These same conditions plague American trucking today. Sweatshops on Wheels: Winners and Losers in Trucking Deregulation exposes the dark side of government deregulation in America's interstate trucking industry. In the years since deregulation in 1980, median earnings have dropped 30% and most long-haul truckers earn less than half of pre-regulation wages. Work weeks average more than sixty hours. Today, America's long-haul truckers are working harder and earning less than at any time during the last four decades. Written by a former long-haul trucker who now teaches industrial relations at Wayne State University, Sweatshops on Wheels raises crucial questions about the legacy of trucking deregulation in America and casts provocative

new light on the issue of government deregulation in general.

Drawing from his extensive business management experience, Pradip Chand turns traditional wisdom on its head when he

proposes that Brand Loyalty is inversely proportional to the income and education levels of the 'knowledge consumer'. He examines how and why brands become strategic assets, traces the evolution of the knowledge consumer and what can companies do to protect equity of the brands they have nurtured over the decades. A new approach to building a Brand Loyalty that gives marketers a competitive edge in today's high-tech, high-stake brand-hostile environment. The book combines the knowledge with engaging real life case studies and proven examples.

Which Rights Should be Universal?

Show biz memoir at its name-dropping, bridge-burning, profane best: the music industry's most outspoken, outrageous, and phenomenally successful executive delivers a rollicking memoir of pop music's heyday. During the 1970s and '80s the music business was dominated by a few major labels and artists such as Michael Jackson, Bruce Springsteen, the Rolling Stones, Bob Dylan, Billy Joel, Paul Simon, Barbra Streisand and James Taylor. They were all under contract to CBS Records, making it the most successful label of the era. And, as the company's president, Walter Yetnikoff was the ruling monarch. He was also the most flamboyant, volatile and controversial personality to emerge from an industry and era defined by sex, drugs and debauchery. Having risen from working-class Brooklyn and the legal department of CBS, Yetnikoff, who freely admitted to being tone deaf, was an unlikely label head. But he had an uncanny knack for fostering talent and intimidating rivals with his appalling behavior—usually fueled by an explosive combination of cocaine and alcohol. His tantrums, appetite for mind-altering substances and sexual exploits were legendary. In Japan to meet the Sony executives who acquired CBS during his tenure, Walter was assigned a minder who confined him to a hotel room. True to form, Walter raided the minibar, got blasted and, seeing no other means of escape, opened a hotel window and vented his rage by literally howling at the moon. In *Howling at the Moon*, Yetnikoff traces his journey as he climbed the corporate mountain, danced on its summit and crashed and burned. We see how Walter became the father-confessor to Michael Jackson as the

King of Pop reconstructed his face and agonized over his image while constructing Thriller (and how, after it won seven Grammys, Jackson made the preposterous demand that Walter take producer Quincy Jones's name off the album); we see Walter, in maniacal pursuit of a contract, chase the Rolling Stones around the world and nearly come to blows with Mick Jagger in the process; we get the tale of how Walter and Marvin Gaye—fresh from the success of "Sexual Healing"—share the same woman, and of how Walter bonds with Bob Dylan because of their mutual Jewishness. At the same time we witness Yetnikoff's clashes with Barry Diller, David Geffen, Tommy Mottola, Allen Grubman and a host of others. Seemingly, the more Yetnikoff feeds his cravings for power, sex, liquor and cocaine, the more profitable CBS becomes—from \$485 million to well over \$2 billion—until he finally succumbs, ironically, not to substances, but to a corporate coup. Reflecting on the sinister cycle that left his career in tatters and CBS flush with cash, Yetnikoff emerges with a hunger for redemption and a new reverence for his working-class Brooklyn roots. Ruthlessly candid, uproariously hilarious and compulsively readable, Howling at the Moon is a blistering You'll Never Eat Lunch in this Town Again of the music industry.

Eighteen year old Rosalind, a German Catholic descendant, left South Africa for Israel with her doctor boyfriend, Foxy, so they could pursue their dream of helping the wounded soldiers together. But when his jealous temper again gets the better of him, she decides to end their relationship, but still continue her nursing studies. When she's assigned to Ward 21, Rosalind finds herself inexplicably drawn to Eyal, the bearded soldier with the sparkling brown eyes who, even laid up in a full-body cast, asks her out—and teaches her about passion and sex. Though Rosalind struggles to understand her confusing emotions toward Eyal, who arouses her physically but whose interests and upbringing are so different from her own, she eventually accepts his marriage proposal. 'Together They Overcame' offers a surprisingly honest and explicit depiction of a newlywed couple's first two years of sexual gratification in marriage as they face family drama, a mother-in-law's hostilities towards the wife because her mother is both German and Catholic, cultural prejudice, and the hardships in a young country in the process of establishing itself. Juliet Aharoni's novel, 'Together They Overcame', weaves fictionalized versions of her own experiences living in Israel into the romantic tale of a newlywed couple striving against all odds. 'Together They Overcame' is an opposites-attract romance set in Israel after the 1956 Sinai Campaign and not long after the holocaust. Rosalind meets survivors of the holocaust who are still in the healing process from the concentration camps' atrocities. The novel depicts a newly-wed couple experiencing sex for the first time and how their sex-life helps them cope with many difficulties. The author has presented the couple's love-making explicitly but tastefully. Sex plays an important role in the young couple's connection and development.
