Spanish 4, Galleria de arte y Vida, Student Edition

In this book, author Olivia Munoz-Rojas looks at the Spanish Civil War and its aftermath, critically examining the wartime destruction and post-war rebuilding of three prominent sites: Madrid, Bilbao, and Barcelona. Each case highlights different dimensions of the material impact of the conflict, the practical challenges of reconstruction, and the symbolic uses of the two processes by the winning side. From an original and fruitful angle, the book reveals new aspects of the Spanish Civil War and the evolution of the Franco regime, as well as more general insights into the topic of wartime destruction and post-war reconstruction of cities. The title - *Ashes and Granite* - both visually and texturally captures the damage caused by the war, as well as the Franco regime's concept of the ideal Hispanic construction material. Written from an interdisciplinary perspective at the intersections of urban/political history and

Download File PDF La Gran Dictadura Spanish Edition

theory, planning, and architecture, the book draws largely on unpublished archival material. Key features of the Franco regime's rebuilding program are considered, such as the priority given to rural reconstruction and the persistent search for a national architectural style. The case of Madrid centers on the failure of the Falange's ambitious plans for a neo-imperial capital as illustrative of the regime's gradual shift from state planning to privately-driven urban development. The case of Bilbao focuses on the reconstruction of the bridges of the city to demonstrate how, occasionally, the regime managed to turn destruction and reconstruction into opportunities for successfully marking the beginning of what was perceived as a new era in Spain's history. Finally, the opening of Avenida de la Catedral in Barcelona exemplifies how wartime destruction sometimes facilitated the implementation of controversial planning, acting as a catalyst for urban redevelopment. Moreover, the opening of the avenue contributed to the disclosure of the ancient Roman city-wall, allowing the regime to appropriate the ancient legacy symbolically.

La dictadura, los trabajadores y la ciudad

La primera democracia española

In a time when technology penetrates our lives in so many ways and materialism exerts such a powerful influence over us, Cardinal Robert Sarah presents a bold book about the strength of silence. The modern world generates so much noise, he says, that seeking moments of silence has become both harder and more necessary than ever before. Silence is the indispensable doorway to the divine, explains the cardinal in this profound conversation with Nicolas Diat. Within the hushed and hallowed walls of the La Grande Chartreux, the famous Carthusian monastery in the French Alps, Cardinal Sarah addresses the following questions: Can those who do not know silence ever attain truth, beauty, or love? Do not wisdom, artistic vision, and devotion spring from silence, where the voice of God is heard in the depths of the human heart? After the international success of *God or Nothing*, Cardinal Sarah seeks to restore to silence its place of honor and importance. "Silence is more important than any other human work," he says, "for it expresses God. The true revolution comes from silence; it leads us toward God and others so as to place ourselves humbly and generously at their service."

Coming of the Spanish Civil War

Galardonada con el Premio de Historia Regional

“Manuel Teira” Ciudad de Torrelavega, contribuye esta obra a paliar el vacío historiográfico existente sobre la dictadura franquista a través de un estudio sobre su implantación y asentamiento en la entonces denominada provincia de Santander, centrándose en la construcción del Nuevo Estado, el funcionamiento de las instituciones locales y provinciales y el análisis del personal político de la época.

Bibliographic Guide to Government Publications

Galería de arte y vida expands your advanced students' knowledge of the Spanish language with a perfect blend of literature, structure, and conversation. Students travel the Spanish-speaking world to read selections from classic and contemporary Hispanic literature, to view masterpieces of painting and sculpture, and to meet the many changing faces that make up Hispanic culture. Galería de arte y vida is composed of twelve cuadros or units. Each cuadro is structured around a universal theme such as El arte, La fantasía, El humorismo, El indio For example, in La mujer, students reflect on the influence of women in today's society. Each cuadro includes four major sections: Para preparar la escena provides background material to introduce the unit theme. Para presentar la lectura focuses on the literary content and authors and directs the students' approach to the selection by means of pre-reading activities. Para entablar conversación contains questions that promote conversation and relate personal experience to the readings and cuadro theme. Selección contains a rich variety of authors and literary genres, including short stories, plays, songs, excerpts from novels, plays, and poetry. Para continuar conversando improves students' communicative skills by generating discussion topics related to the central themes of the

readings.

The Power of Silence

El significado de la Segunda Republica espanola, eclipsado en gran parte por la sangrienta y catastr6fica guerra civil que la siguio, fue en el fondo, y sin lugar a dudas, el de una entidad historica por derecho propio, uno de los mayores intentos nacionales de democratizacion y reforma politica habidos en Europa entre las dos guerras mundiales. Empenado en nadar contra la corriente del fascismo europeo de la epoca, y situado en el marco historico del liberalismo espanol, el regimen se esforzo por establecer las primeras bases verdaderamente democraticas de la historia de Espana e instituir reformas fundamentales en el ambito estatal. Pues bien, a partir de ahi, el libro de Stanley G. Payne se dedica a destacar las reformas emprendidas en materia de politica y gobierno en ese periodo, y a analizar las relaciones Iglesia Estado, la educacion y la cultura, las obras publicas, los asuntos militares y la sociedad en su conjunto, con el fin de someter a examen los exitos y fracasos de esas reformas, asi como los motivos de sus limitaciones: un analisis de los conflictos politicos y de la consiguiente escision social que lleva a Paune a explorar con brillantez las fuentes y el caracter de la polarizacion politica que se desarrollo como resultado de los enfrentamientos de la Republica tanto con la derecha como con la izquierda. Al final, Payme somete a examen a los actores politicos principales de este drama historico y analiza el papel que desempenaron en el colapso

definitivo de la Republica, prestando a la vez cuidadosa atencion al progresivo deterioro de su politica en la primera mitad de 1936. De esta manera, al analizar la importancia de la violencia politica en la caida de lademocracia, asi como los motivos del fracaso final del regimen, Payne nos presenta una interpreta

El Siglo XX, dictadura-- republica (1923-1936)

An urgent call to action from one of Europe's most well-regarded political thinkers. How to Lose a Country: The 7 Steps from Democracy to Dictatorship is a field guide to spotting the insidious patterns and mechanisms of the populist wave sweeping the globe - before it's too late.

La apasionante historia de Cambridge Analytica y el Big Data. ¿Está realmente a salvo nuestra democracia tras la victoria de Trump? La dictadura de los datos revela cómo han utilizado nuestros datos y nos advierte cómo podrían volver a hacerlo. Saben lo que compras. Brittany Kaiser, una novata asesora política especializada en Derechos Humanos y Relaciones Internacionales, creía que los datos recogidos y analizados por los smartphones y las redes sociales estaban en buenas manos hasta que conoció a Alexander Nix, el carismático líder de una nueva empresa de comunicación política llamada Cambridge Analytica. Lo que empezó siendo sólo un puesto de trabajo, pronto se convierte en una operación infame con el objetivo de ayudar a la elección de Trump o interferir en el referéndum que dio paso al Brexit. La dictadura de los datos es la dramática y perturbadora historia del ascenso y la caída de Cambridge Analytica, la empresa responsable de reunir, manipular y enriquecerse de nuestros datos. Kaiser, el testigo directo de este atropello, advierte que las repercusiones podrían seguir perjudicándonos en las elecciones de 2020 si no hacemos nada al respecto. Una poderosa y esclarecedora autobiografía sobre uno de los temas más relevantes de nuestra época. «¿Quiénes se convierten en informantes? Aquellos que son leales no solo a sus carreras, a su jefe, a su agencia o incluso al mismo presidente. Son aquellos que son leales por encima de todo a la Constitución [] Son ese tipo de patriota. Esto último se aplica a mi amiga Brittany». --Daniel Ellsberg, escritor, activista e informante que desveló los papeles del Pentágono. BRITTANY KAISER le apasionó la política desde muy joven. Estudió Derechos Humanos y Relaciones
