The Struggle for the History of Education

Shug Akins is a lonely, overweight thirteen-year-old

boy. His mother, Glenda, is the one person who loves him--she calls him Sweet Mister and attempts to boost his confidence and give him hope for his future. Shuggie's purported father, Red, is a brutal man with a short fuse who mocks and despises the boy. Into this small-town Ozarks mix comes Jimmy Vin Pearce, with his shiny green T-bird and his smart city clothes. When he and Glenda begin a torrid affair, a series of violent events is inevitably set in motion. The outcome will break your heart. "This is Daniel Woodrell's third book set in the Ozarks and, like the other two, *Give Us a Kiss* and *Tomato Red*, it peels back the layers from lives already made bare by poverty and petty crime." --Otto Penzler, "Penzler Pick, 2001"

Big Numbers

Will Hopkins's new housekeeper is the prettiest young woman he's ever seen—and that's the problem. Will thought Abigail Stewart would be a middle-aged matron well suited to hardscrabble prairie life. Even if his young sons are entranced by her wholesome kindness, his only option is to send Abby back east. For the sake of propriety...and his guarded heart. Answering the newspaper advertisement was Abby's chance of escape from her unhappy home. But now her employer has turned out to be a rugged widower instead of a widow. A marriage in name only will allow her to remain long enough to find another job. Or until a misunderstanding becomes the means to a second-chance family....

The Black Kachina

Wall Street's miasmal garbage washes up on the Jersey Shore when a small time broker falls in love: Is he attracted to the beautiful lady — or her brother's inside information? Held spellbound by a steamy, auburn-haired woman with a dubious past and a get-rich-quick, insider trading scheme, Austin Carr knocks down a beehive of bad-acting Bonacellis, including the ill-tempered "Mr. Vic" Bonacelli, who wants his redhead back, and local mob lieutenant Angelina "Mama Bones" Bonacelli, architect of a strange and excruciating death trap for the fast-talking stockbroker she calls smarty pants. To survive, Austin must unravel threads of jealousy, revenge and new affections, discover the fate of a pseudo ruby called the Big Mojo and slam the lid on a pending United States of America vs. Austin Carr insider trading case. Can Austin and his Jersey Shore mouthpiece possibly out maneuver the savvy U.S. District Attorney from Manhattan? Will anything matter for Austin ever again if Mama Bones flips that switch? Praise for BIG MOJO ... "Darkly comic and always entertaining — with an outrageous cast of characters including a scheming grandmother and a mysterious redhead. Our engaging hero, fueled by honor and passion, does the best he can in a world where the bad guys seem determined to do him in. Gordon Gekko meets Janet Evanovich in this wry and winning caper — Jack Getze does it again!" — Hank Phillippi Ryan, Agatha, Anthony and Mary Higgins Clark Award winning author of Truth Be Told "If Jack Getze's Austin Carr novels aren't on your must-read list, you don't know

what you're missing. Austin Carr's that buddy your wife doesn't like you to hang out with. Fast-talking, wisecracking, and hard-living, he's the type of guy who swears he's only ever looking for a good time, and yet every night out with him seems to end in a fight. But you can't deny he's got heart — and BIG MOJO is Carr's most epic adventure yet. It's got frame-ups. Insider trading. Stolen jewels. Double-crosses. Triple-crosses. Love potions. Gunplay. And enough outsized characters it could only take place in the great state of New Jersey. So pick it up. Give it a read. But maybe tell the missus you're hanging out with someone else." — Chris F. Holm, author of the Collector Series "There's no way you can lose with an Austin Carr novel with a gorgeous redhead, a character with the moniker of "Mama Bones", a double-crossing business partner, more bad guys than can be seen in one place outside of the White House, and Austin's smart mouth that surely he learned by reading lots of Robert B. Parker's character Spenser ... A truly rollicking, fun, action-filled read with more twists than a fevered revival of Hula Hoop fanatics at a Jersey Shore ballroom ... And then, there's that redhead. Always that redhead ... " — Les Edgerton, author of *The Genuine*, *Imitation*, *Plastic Kidnapping* and others "The irrepressible Austin Carr is back, and he's sly and sardonic as ever. Jack Getze's BIG MOJO is a rollercoaster ride you don't want to miss!" — Hilary Davidson, Anthony Award Winning Author of *Blood Always Tells*

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Medical theory and practice of the 1700s developed rapidly, as is evidenced by the extensive collection, which includes descriptions of diseases, their conditions, and treatments. Books on science and technology, agriculture, military technology, natural philosophy, even cookbooks, are all contained here. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. The Way of a Seabird

Shakespeare's texts have a long and close relationship with many different types of dance, from dance forms referenced in the plays to adaptations across many genres today. With contributions from experienced and emerging scholars, this handbook provides a concise reference on dance as both an integral feature of sixteenth- and seventeenth-century culture and as a means of translating Shakespearean text into movement - a process that raises questions of authorship and authority, cross-cultural communication, semantics, embodiment, and the relationship between word and image. Motivated by growing interest in movement, materiality, and the body, *The Oxford Handbook of Shakespeare and Dance* is the first collection to examine the relationship between William Shakespeare - his life, works, and afterlife - and dance. In the handbook's first section - *Shakespeare and Dance* - authors consider dance within the context of early modern life and culture and investigate Shakespeare's use of dance forms within his writing. The latter half of the handbook - *Shakespeare as Dance* - explores the ways that choreographers have adapted Shakespeare's work. Chapters address everything from narrative ballet adaptations to dance in musicals, physical theater adaptations, and interpretations using non-Western dance forms such as Cambodian traditional dance or *igal*, an indigenous dance form from the southern Philippines. With a truly interdisciplinary approach, *The Oxford Handbook of Shakespeare and Dance* provides an indispensable

resource for considerations of dance and corporeality on Shakespeare's stage and the early modern era.

My First Book of Japanese Words is a beautifully illustrated book that introduces young children to Japanese language and culture through everyday words. The words profiled in this book are all commonly used in the Japanese language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Japanese Words are multiple: to familiarize children with the sounds and structure of Japanese speech, to introduce core elements of Japanese culture, to illustrate the ways in which languages differ in their treatment of everyday sounds and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome the book's cultural and linguistic notes and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Kanji (when applicable), Kana, and Romanized form (Romaji). With the help of this book, we hope more children (and adults) will soon be a part of the 125 million people worldwide that speak Japanese!

From that moment, it's a race against time for Maggie and Jordan, who together must stop Torres from destroying Hoover Dam—and turning the Colorado River into a tsunami that would kill hundreds of thousands and wipe out the Southwest's water supply. Austin Carr is a homeless stockbroker. Sort of. He's a salesman. Living on 100% commission during a recession and with child support payments can lead to getting kicked out of your apartment, having your car repossessed and living in a camper. Not even a real camper. A beat up old pickup with one of those camper toppers on it. Which he parks in the lot at Luis's Mexican Restaurant where he also takes advantage of the shower in the employee dressing room. His biggest client has health issues, the client's wife is coming on to him, another client is super pissed about an investment and wants to get revenge, and his supervisor is ready to take him down by any means necessary. Determined to make enough money to meet the child support payments and get to see his kids again, Austin gets mixed up with a redhead which leads to illegal bond and money transfers and in the course of less than two weeks is run down by a car, beat up, his manager tries to shoot

him, is buried in sand at the water's edge with the tide coming in, then he's kidnapped and finally becomes the victim of attempted murder by Bluefin (yes, the fish). And when he sneaks in to watch his daughter's swim meets, Austin wears nothing but a speedo.

With just forty-one recordings to his credit, Robert Johnson (1911-38) is a giant in the history of blues music. Johnson's vast influence on twentieth-century American music, combined with his mysterious death at the age of twenty-seven, has allowed speculation and myths to obscure the facts of his life. The most famous of these legends depicts a young Johnson meeting the Devil at a dusty Mississippi crossroads at midnight and selling his soul in exchange for prodigious guitar skills. In this volume, Barry Lee Pearson and Bill McCulloch examine the full range of writings about Johnson and sift fact from fiction. They compare conflicting accounts of Johnson's life, weighing them against interviews with blues musicians and others who knew the man. Through their extensive research Pearson and McCulloch uncover a life every bit as compelling as the fabrications and exaggerations that have sprung up around it. In examining Johnson's life and music, and the ways in which both have been reinvented and interpreted by other artists, critics, and fans, Robert Johnson: Lost and Found charts the broader cultural

forces that have mediated the expression of African American artistic traditions.

A childhood biography of a groundbreaking African-American athlete. Arthur Ashe (1943-1993) was the first African American man to win a major tennis tournament. He did not start out with a love of the game--his favorite sport was actually baseball--but growing up in the racist south, Arthur decided he would one day play sports on courts that did not allow black athletes. After proving himself a natural on the tennis court, and struggling with committing to the game, Arthur enjoyed many years of championship tennis, crowned by two achievements: his victory over Jimmy Connors at Wimbledon, and competing in Byrd Park, Virginia, a park he was not allowed to play in when he was a child. Alas, during heart surgery in 1983, it is likely that Ashe was given blood tainted with HIV. He became an active fundraiser and speaker on behalf of AIDS research. In 1997 the U.S. Tennis Center's main stadium in New York City was named Arthur Ashe Stadium in honor of his many contributions to the game. This inspiring biography

showcases Ashe's courage in the face of bigotry.
