Love Me, Cowboy

Dani Carrigan has always relied on logic when making important life decisions, but when she discovers she's pregnant - and that there's a chance her baby may be born "not perfect"-- logic lets her down. It would help if the baby's father would pop the question, but widowed father Adrian seems more interested in protecting his six-year-old daughter than committing to his new relationship with Dani. The last time she

felt this alone and scared was when she was 16 and her mother died, leaving Dani to raise her younger sisters with precious little help from her distant and disapproving rancher father. She felt so inadequate then, but is she any more prepared to be a mother now? Support comes from an unlikely source. Dani always saw her next-door neighbour and friend, divorce attorney Elliot Gilmore, as a charming, handsome, playboy-type. But with each challenge she faces, from pregnancy, to delivery and beyond--Elliot reveals himself a better man than she ever guessed. Is it possible that Elliot hasn't been playing the field--but waiting for her?

A Book Girl's Guide to Marietta

In this pathbreaking book, a well-known feminist and sociologist--who is also the Founding Editor of *Gender & Society*--challenges our most basic assumptions about gender. Judith Lorber views gender as wholly a product of socialization subject to human agency, organization, and interpretation. In her new paradigm, gender is an institution comparable to the economy, the family, and religion in its significance and consequences. Drawing on many schools of feminist scholarship and on research from anthropology, history, sociology, social psychology, sociolinguistics, and cultural studies, Lorber explores different paradoxes of gender: --why we speak of only two "opposite sexes" when there is such a variety of sexual behaviors and relationships; --why

Online Library Promise Me Cowboy Carrigans Of The Circle C Book 1

transvestites, transsexuals, and hermaphrodites do not affect the conceptualization of two genders and two sexes in Western societies; --why most of our cultural images of women are the way men see them and not the way women see themselves; --why all women in modern society are expected to have children and be the primary caretaker; --why domestic work is almost always the sole responsibility of wives, even when they earn more than half the family income; --why there are so few women in positions of authority, when women can be found in substantial numbers in many occupations and professions; --why women have not benefited from major social revolutions. Lorber argues that the whole point of the gender system today is to maintain structured gender inequality--to produce a subordinate class (women) that can be exploited as workers, sexual partners, childbearers, and emotional nurturers. Calling into question the inevitability and necessity of gender, she envisions a society structured for equality, where no gender, racial ethnic, or social class group is allowed to monopolize economic, educational, and cultural resources or the positions of power.

Discover the God-inspired difference only you can make in the world . . . using the key you never knew you had. For most of her life, she was serving quietly and faithfully as a wife

and a mom--choosing life for her child in the face of medical risks, answering the Lord's call to mission work in the Philippines, and homeschooling before anyone knew what the word meant. But all along the way, her experiences--and her consistent, everyday choices to follow the Lord and to serve wherever He placed her--were creating unexpected ripples of influence throughout her family, her community, and her world. And they would end up extending far beyond anything she ever imagined. Pam believes that every one of us can be influential--and that deep within a woman's heart is the desire to use her influence for good. In *Ripple Effects*, Pam uncovers and explores the miraculous motivating power of influence we can have on this generation and the next, no matter where we are planted in life. Whether we are in the midst of endless diaper changes, climbing up the corporate ladder, or simply doing our best to live, love, and serve well each day, Pam will encourage us to maximize our God-given opportunities for influence--and watch how far the ripples will spread.

The Fourth Child

In this landmark book, Seven Stories Press presents a powerful collection of literary, philosophical, and political writings of the masked Zapatista spokesperson, Subcomandante Insurgente Marcos.

Online Library Promise Me Cowboy Carrigans Of The Circle C Book 1

Introduced by Nobel Prize winner José Saramago, and illustrated with beautiful black and white photographs, *Our Word Is Our Weapon* crystallizes "the passion of a rebel, the poetry of a movement, and the literary genius of indigenous Mexico." Marcos first captured world attention on January 1, 1994, when he and an indigenous guerrilla group calling themselves "Zapatistas" revolted against the Mexican government and seized key towns in Mexico's southernmost state of Chiapas. In the six years that have passed since their uprising, Marcos has altered the course of Mexican politics and emerged an international symbol of grassroots movement-building, rebellion, and democracy. The prolific stream of poetic political writings, tales, and traditional myths that Marcos has penned since January 1, 1994 fill more than four volumes. *Our Word Is Our Weapon* presents the best of these writings, many of which have never been published before in English. Throughout this remarkable book we hear the uncompromising voice of indigenous communities living in resistance, expressing through manifestos and myths the universal human urge for dignity, democracy, and liberation. It is the voice of a people refusing to be forgotten the voice of Mexico in transition, the voice of a people struggling for democracy by using their word as their only weapon.

Dude, You're a Fag

Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer, who blames the world for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.

Stolen Spirit (PSI Sentinels: Book One, Guardians of the Psychic Realm)

The brutal bloodletting of over 800 civilians during the Dakota War of 1862 was meant to drive out the white American settlements from Minnesota while the Union was preoccupied with more headline grabbing battles like the Second Battle of Manassas and Antietam. The war took its toll between Mid-August and Late-September 1862 when Little Crow, the leader of the Dakota, surrendered his 269 captives at Camp Release. Minnie Buce Carrigan's memoirs of living in the Minnesota River Valley are unlike the "Little House on the Prairie" series of children's books written by Laura Ingalls Wilder. Minnie's tales of the 6 weeks during her childhood spent as a captive of the Dakota Sioux are in no way a children's story and probably a reason why so many have never heard the story. Told matter-of-factly with no punches pulled, she spares no details in the harshness and struggles of a captive's life.

Reeling, Callan seeks refuge in the local saloon, where it seems no one can reach her, until Court offers her a challenge. If she agrees to be foreman at the Circle C for one year, he'll deed the ranch back to her and her sisters. The deal seems too sweet at first--until Callan realizes Court has his eyes on something she protects even more than her family's land--her heart.
