As the volume editors say, "If you have already rejected the five-paragraph essay, we offer validation and classroom-tested alternatives. If you are new to teaching L2 writing, we introduce critical issues you will need to consider as you plan your lessons and as you consider/review the textbooks and handbooks that continue to promote the teaching of the five-paragraph essay. If you need ammunition to present to colleagues and administrators, we present theory, research, and pedagogy that will benefit students from elementary to graduate school. If you are skeptical about our claims, we invite you to review the

research presented here and consider what your students could do beyond writing a five-paragraph essay if you enacted these changes in practice.” Part 1 discusses what the five-paragraph essay is not: it is not a very old, established form of writing; it is not a genre; and it is not universal. Part 2 looks at writing practices to show the essay’s ineffectiveness in elementary schools, secondary schools, first-year writing classes, university writing courses, undergraduate discipline courses, and graduate school. Part 3 looks beyond the classroom at testing. At the end of each chapter, the authors--all well-known in the field of second language writing--suggest changes to teaching practices based on their theoretical approach and classroom experience. The book closes by reviewing some of the major questions raised in the book, by exploring which questions have been left unanswered, and by offering suggestions for teachers who want to move away from the five-paragraph essay. An assignment sequence for genre-aware writing instruction is included.

In the linked essays that make up her debut collection, *This Is One Way to Dance*, Sejal Shah explores culture, language, family, and place. Throughout the collection, Shah reflects on what it means to make oneself visible and legible through writing in a country that struggles with race and maps her identity as an American, South Asian American, writer of color, and feminist. *This Is One Way to Dance* draws on Shah's ongoing interests in ethnicity and place: the geographic and cultural distances between people, both real and imagined. Her memoir in essays emerges as Shah wrestles with her experiences growing up and living in western New York, an area of stark racial and economic segregation, as the daughter of Gujarati immigrants from India and Kenya. These essays also trace her movement over twenty years from student to teacher and meditate on her travels and life in New England, New York City, and the Midwest, as she considers what it means to be of a place or from a place, to be foreign or familiar. Shah invites us to consider writing as a somatic practice, a composition of digressions, repetitions--movement as transformation, incantation. Her essays--some narrative, others lyrical and poetic--explore how we are all marked by culture, gender, and race; by the limits of our bodies, by our losses and regrets, by who and what we love, by our ambivalences, and by trauma and silence. Language fractures in its attempt to be spoken. Shah asks and attempts to answer the question: How do you move in such a way that loss does not limit you? *This Is One Way to Dance* introduces a vital new voice to the conversation about race and belonging in

DIV In her entertaining and edifying New York Times bestseller, acclaimed author Francine Prose invites you to sit by her side and take a guided tour of the tools and tricks of the masters to discover why their work has endured. Written with passion, humour and wisdom, *Reading Like a Writer* will inspire readers to return to literature with a fresh eye and an eager heart – to take pleasure in the long and magnificent sentences of Philip Roth and the breathtaking paragraphs of Isaac Babel; to look to John le Carré for a lesson in how to advance plot through dialogue and to Flannery O’Connor for the cunning use of the telling detail; to be inspired by Emily Brontë’s structural nuance and Charles Dickens’s deceptively simple narrative techniques. Most importantly, Prose cautions readers to slow down and pay attention to words, the raw material out of which all literature is crafted, and reminds us that good writing comes out of good reading. /div

Focus on Writing

With the rise of science, we moderns believe, the world changed irrevocably, separating us forever from our primitive, premodern ancestors. But if we were to let go of this fond conviction, Bruno Latour asks, what would the world look like? His book, an anthropology of science, shows us how much of modernity is actually a matter of faith. What does it mean to be modern? What difference does the scientific method make? The difference, Latour explains, is in our careful distinctions between nature and society, between human and thing, distinctions that our benighted ancestors, in their world of alchemy, astrology, and phrenology, never made. But alongside this purifying practice that defines modernity, there exists another seemingly contrary one: the construction of systems that mix politics, science, technology, and nature. The ozone debate is such a hybrid, in Latour’s analysis, as are global warming, deforestation, even the idea of black holes. As these hybrids proliferate, the prospect of keeping nature and culture in their separate mental chambers becomes overwhelming—and rather than try, Latour suggests, we should rethink our distinctions, rethink the definition and constitution of modernity itself. His book offers a new explanation of science that finally recognizes the connections between nature and culture—and so, between our culture and others, past and present. Nothing short of a reworking of our mental landscape. *We Have Never Been Modern* blurs the boundaries among science, the humanities, and the social sciences to enhance understanding on all sides. A summation of the work of one of the most influential and provocative interpreters of science, it aims at saving what is good and valuable in modernity and replacing the rest with a broader, fairer, and finer sense of possibility.

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.
