A Treasury of Famous Waltzes

Chinese immigrants first reached the shores of California in the mid 1800s. Since then, they have made significant contributions to the American economy through their work in mines, on railroads, and on farms as they earned money to send home. However, many saw them as job-stealing freeloaders. They contributed to American culture too, even as discrimination forced them to build their own communities from the ground up. The Chinese American community had no choice but to take on these stereotypes in order to survive. Written by a Chinese immigrant, readers will discover that even the xenophobia that exists today can be defeated and one's culture celebrated in the United States.

In Defence Against Weapons of Mass Destruction Terrorism the editors examined the class of Weapons of Mass Destruction (WMD) for terrorist use, and have found that their effects range from serious nuisance value up to catastrophic destruction of a large urban area. There are some differences in the effects depending on whether they are used against military or civilian targets, whether they are used from inside the target area or outside, and between those weapons for which MOPP (Mission Oriented Protective Posture) gear can provide useful protection (Biological Weapons, Chemical Weapons) and those for which it often cannot (radiation, nuclear explosions). These are useful ways to begin thinking about establishing protocols for protecting our armed forces and the civilian population they are sworn to defend.

Defence Against Weapons of Mass Destruction Terrorism

" ""Serving as tour guide, Fox invites his audience to go with him log rafting down the Kentucky River, bass fishing in the Cumberland Mountains, rabbit hunting in the Bluegrass, and chasing outlaws in the border country of Kentucky and Virginia. Along the route we meet Old South colonels and their ladies, lawless moonshiners and their shy daughters, bloodthirsty preachers, and educated young gentlemen visitors who explore the southern mountains for fun and profit. These sketches offer a delightful blend of macho adventure and sage observation by an erudite young writer who had lived in the two worlds that provide his subject matter-the elegant society of the Bluegrass aristocracy and the hardscrabble feuding clans of mountaineers.""
