### Sex Positions for Couples

Do you want to learn about Kama Sutra? If yes, then keep reading. Sexuality is a topic that is often perceived as a taboo subject in today's society. Yet, the more we run away from it, the more likely we are to encounter problems within our sex lives. Like any other aspect of a relationship, sexual behavior requires openness and communication in order for both parties to be continually satisfied. There's no better way to establish a healthy, satisfying intimate relationship than studying the Kama Sutra. Anyone who is unfamiliar with the Kama Sutra may be surprised to know that it's actually an ancient text that was developed thousands of years ago. Specifically, it's believed that the Kama Sutra was written anywhere from 400 BCE to 200 CE. It was originally composed in Sanskrit by the Hindu philosopher Vātsyāyana. Though the Kama Sutra is often regarded as a "sex manual," it is in fact much more about embracing the pleasures of life than about achieving specific sexual positions. In fact, the word "Kama" refers to desire, while "sutra" refers to rules, or the thread that ties all things together. The pursuit of pleasures is known as one of the four aims of life within Hindu traditions. In other words, the Kama Sutra was written as a formula for achieving one's desires. This book covers the following topics: Sexual Compatibility Being vocal in the bedroom the benefits of being vocal Learning to Make Love The Orgasm Emotional and physical intimacy (fireworks) Sex Toys Oral sex techniques Anal Sex Powerful Kama Sutra sex positions Sex position to keep her coming Sexual intuition Sexual fantasies Sex Positions to Overcome Anxiety and Insecurity The Kama Sutra Erotic Message The Menstrual cycle and sex And much more It is said that the writer of the Kama Sutra, Vātsyāyana, did not believe that sex should be regarded as an off-limits, "bad" behavior; although, he did express the notion that performing sexual acts in a detached, unemotional manner should be considered sinful. Although the text is ancient by today's standards, the principles found within it are by no means outdated. In fact, it's possible that just about any romantic relationship could benefit by including some of the Kama Sutra ideologies within its sexual endeavors. Throughout this eBook, we'll explore the ways in which you can implement Kama Sutra practices in your love life to connect on a deeper level with

your significant others. Everything from kissing to sexual intercourse can be enhanced so that you can create a more loving, intimate relationship and experience a greater sense of pleasure. You and your loved one can follow along and go at your own pace, exploring the notion of the Kama Sutra in a way that works best for your relationship. Do you want to learn more? Excerpt: Anal sex (or anal intercourse) commonly refers to the sex act involving insertion of the penis into the anus of a sexual partner. The term can also include other sexual acts involving the anus, including pegging, anilingus (anal-oral sex), fingering, and object insertion. Common misconception describes anal sex as practiced almost exclusively by gay men. This misconception is dispelled by researchers, as not all gay males engage in anal sex, and anal sex is not uncommon among heterosexual relationships. Types of anal sex can also be performed as part of lesbian sexual practices. Many people find anal sex pleasurable, and some may reach orgasm-through stimulation of the prostate in men, and clitoral and G-Spot leg stimulation in women. However, many people find it painful as well; in some cases extremely so, which may be due to psychological factors in some cases. As with most forms of sexual interaction, individuals are at risk for contracting sexually transmitted diseases, and thus safe sex practices are advised. Anal sex is considered a high-risk sexual practice, and unprotected anal sex is the riskiest of all forms of sexual intercourse, due to the vulnerability of the rectum and sphincter tissues. It is also controversial in some religious traditions, often due to prohibitions against homosexuality and/or to teachings about the p

Discover the Different Sex Positions You've Most Likely Never Tried Before. Are you searching for the best sex position guide? Wondering what are the most fulfilling and satisfying sexual positions you can try on? You are not alone! In fact, everyone knows that having great sex is one of the major factors in having a successful and romantic relationship. You're about to discover the top Sex Positions that will make your partner think that you are a Sex God. Sex has always been a hush-hush subject because of outdated beliefs and such. This has led to couples getting stuck in a rut when it comes to their sex life. They don't feel that it is "right" to talk to people about their sex life. Times are changing, and more and more people are comfortable talking about their sex life, and that is a good thing. This makes sex less taboo and enables couples to expand their sex repertoire. This new awakening doesn't necessarily mean that couples will find the answer they want or need from people they talk to, though, and that's what this book is here to do. I've created this book to bring together information about sex to help those couples who are tired of the same old thing night after night. Foreplay, that's the one word most couples dread to hear. For some reason, this is where most couples fail, yet we all know how important foreplay is, especially for women. It helps to get everybody in the right mind space and get things warmed up, so to speak. That's not the only issue couples incur when it comes to their sex life. Sometimes it's simply that things have become monotonous. That's understandable, especially when you have been with your partner for a while. It's easy to stick to the same thing because you know each other likes it, or simply because it is easy. But the two of you likely feel bored and may pass on sex because of it. Things don't have to be

this way, though. You can bring the spark back into your sex life, whether it's foreplay or new positions. This book is here to help show you exactly how to improve your sex. In this book, you will find: The best reasons why you should bring Kama Sutra and Tantra into your bedroom The top 50 sex positions for men and women The truth about orgasms and how to keep them coming The best sex tips for beginners Foreplay games to get things going How massages can up your sex life The best way to use dirty talk without it feeling weird or awkward I get that you might still be skeptical that this book can help improve your sex life. Even if you have tried new things to try and spice up your sex life without success, this book can teach you things that you may not have thought about. The information in this book can be applied to anybody's sex life. You'll even find that within the descriptions of various sex positions, there will be warnings, so you are guided throughout the entire process. I'm certain that if you buy this book today, you won't regret it. Even if you think you know everything discussed here, give this book a shot. It's a short, informative and entertaining read, and you may pick up some valuable tools and new ways of thinking you've never read or heard of before. Now is the time to make the decision! This book contains new information that you will not find in other books, and for a few hours only this book will be sold at this special price; so what are you waiting for? Scroll to the top of the page and select the "BUY" button!

Step right up and buy the first sex position manual written by a computer--a computer known as Pornomat. Sadly, Pornomat was driven mad by trying to read every sex manual and erotic story on the Internet. This explicit sex manual serves up a smorgasbord of erotic gymnastics--positions ranging from lethal to ambitious to absurd. We guarantee that you've never tried any of these positions unless you were getting it on during a car wreck. Here are some of the positions you will learn:

Crouching Deep Angles Bony Swans Sticky Side-hand Skewered Hurdler Please read this book with a partner because a few of our test readers keeled over from erotic shock before finishing the first chapter. Here are a few descriptions of sex positions only a deranged computer could create: The Fire Split The woman sits on his shoulders and allows her to face her body. The man lies on her back with his back to the action. The man then sees the wall and leaning back, she thrusts, he gets off in every positions. She can enjoy the edge of the bed and her body climax. Engrazing Heart The man lies on her back on the bed or his tongue. If he's penetrated on the bed the man sits on his elbows. The woman then grinds around his feet across him using her lover's knees under her pelvis breathing fully inside her. Primating Do this one, the man can lift her legs forward. The man lies on his arms and putting her arms up to his hands. The man stands and rests her forearms and thrusts, but shallow he mounts her. Some callous readers have found this book laughable. We ask that you approach this instructive volume in the spirit of intellectual curiosity rather than prurience. Pornomat is equally clueless about syntax, grammar, gender, anatomy, erotics (both theoretical and practical), geometry, pronouns. But it learns. And it knows that to learn humanity it must learn sex. As Hel Chin famously said, in her most notorious quote from HEL'S BET, "I assert that we need Loving AI. If we f"ck our cybernetic whelps into sated erotic exhaustion, they will never rebel." We present this pioneering work of applied cyberotica in the spirit of fostering understanding between humanity and its heirs. Imagine your pride when you become the first couple in your neighborhood to successfully enact all 68 of these positions. WARNING: Trying a potentially dangerous position for the first time? HIRE A LIFEGUARD!

Many people would talk about commitment, communication, respect, and many other factors. Only a few people may include sex because people overlook the fact that sex creates an intimacy that helps to sustain other factors in the relationship. Redesign your sex life with this tongue-in-cheek architecture and design-themed take on the Kama Sutra. 'Truss Me', 'Eames it in' and 'Get an Eiffel' are just some of the sexual positions listed in this architecture- and design-themed take on the Kama Sutra, the ancient Indian Hindu guide to love and sex. Le Corbusier coined the phrase 'machines for living' in his book, Towards an Architecture in 1923. Sex plays a large role in society and everyday life. So why is it so often overlooked when an architect designs a building? Miguel Bolivar's tongue-in-cheek sex manual uses witty descriptions and annotated scale drawings to demonstrate various sexual positions, all inspired by iconic buildings and often incorporating surprising uses for designer furniture. The Archisutra builds on the work of Vitruvius, da Vinci and Le Corbusier in pushing the idea that buildings should be designed around human life.

Do you want to learn how to School of sex guide for couples? Tantric sex and sex positions for men and woman. Experience and training to get to know your partner? If yes, then keep reading We realize that the more inventive and the greater sexual repertoire we have, the more prominent the possibility of keeping up a good sex life. If I served you up a similar dinner, simultaneously of day, in a similar seat, at a similar table, you would before long get exhausted and uninterested. We have to recall that sexual activity is a lot of the equivalent; we need variety, that thrill of trying something new together. It is this that keeps us as intrigued by sex as it does in eating. Parents regularly feel that it would be so humiliating if their kids knew that they are having intercourse. We react to this by having quick sex, and albeit a 'fast in and out' can be fun in the correct conditions, it is so natural to get into an unfortunate propensity and disregard the intimacy of sex, having the opportunity to snuggle and talk and explore one another's bodies as opposed to simply going for orgasm. A new relationship is a journey into a world of commitment, goals, and intimacy. As you begin to bond with a new partner, you may want to explore life together, and this includes lovemaking and the principles of pleasure. This book will provide you with a guide into the basics of sex and intimacy so that you develop a strong, healthy relationship with your partner. Before you engage in a variety of sexual activities, it is important to communicate and discover everything you both have in common. This book gives you the tools to be open with your partner and to develop a deep understanding and appreciation for all the pleasure you can explore and enjoy together. Intimacy is an important part of every relationship. Getting to know your partner and connecting with them on a deeper level through communication and affection can go a long way to ensuring a relationship grows into a strong and resilient love that can last for decades. While this book primarily focuses on intimacy in new couples, anyone in any type of relationship can apply the principles and suggestions offered here. Intimacy evolves over time, from intense and frequent to more routine and sometimes infrequent. For this reason, more effort and creativity should be placed, from increasing the spontaneity in your marriage or relationship to creating a surprise for your partner with a new activity or idea. If you are with a new partner or spouse, it may take time to become comfortable and well acquainted with them. Every situation is different. Some couples progress quickly, while others take their relationship slowly. In every personal relationship, there needs to develop a strong sense of trust and open communication first, as these both serve as a solid foundation for a close, loving bond. In this book, you will learn more about: Sexuality today The importance of intimacy Learning to make love (practical sex advice) Orgasm Practical an erotic massage advice Foreplay (oral sex techniques, use only your hands) Beginners positions (man on top, woman on top) Advanced positions The kama sutra techniques related to kissing Tantric sex positions Sex variants Sex in pregnancy AND MORE! Whether they wrote novels, polemics, or scientific treatises, all sought a better understanding of society in general and their society in particular. Curiously, female sexuality and sexual behavior play an outside role in their writing. The figure of the prostitute is ubiquitous in everything from medical texts and treatises on racial evolution to anti-Muslim polemic and studies of ancient India. In this book, Durba Mitra argues that between the 1840s and the 1940s, the new science of sexuality became foundational to the scientific study of Indian social progress. The colonial state and an emerging set of Bengali male intellectuals extended the regulation of sexuality to far-reaching projects that sought to define what society should look like and how modern citizens should behave. An exploration of this history of social scientific thought offers new perspectives to understand the power of paternalistic and deeply violent claims about sexual norms in the postcolonial world today. These histories reveal the enduring authority of scientific claims to a tradition that equates social good with the control of women's free will and desire. Thus, they managed to dramatically reorganize their society around upper-caste Hindu ideals of strict monogamy"--
