J.K. Lasser's Small Business Taxes 2020

Maximize your bottom line with the nation's most trusted small business tax guide J.K. Lasser's Small Business Taxes 2020 is the small business owner's ultimate guide to a money-saving, stress-free tax season. Providing straightforward advice from the nation's most trusted tax expert on small business taxes, this book gives you the answers you need quickly, with clear, concise guidance. Updated to cover changes from the Tax Cuts and Jobs Act and other legislation, this edition also includes an e-supplement covering additional developments from Congress and the IRS to keep you fully up-to-date. A complete listing of all available business deductions and credits helps you identify those you qualify for, and includes critical information on dollar limits, recordkeeping requirements, and how to actually take the write-off—all the way down to the IRS form to use. Organizational and planning strategies help you get through the process quickly and with fewer headaches, and this year's changes to the tax laws are explained in terms of how they affect your filing. Keeping up with the intricacies of tax law and filing is a full-time job—but it's not your full-time job. You have a business to run. This book gives you the guidance you need in the time that you have so you can get taxes out of the way and get back to work. Learn which expenses qualify for deductions—and which ones don't Adopt a more organized recordkeeping system to streamline the filing process Explore small-business-specific strategies for starting or closing a business, running a sideline business, and operating in multiple businesses Decode the various forms and worksheets correctly with step-by-step guidance Audit-proof your return Review obligations for the “other taxes,” including payroll and excise taxes Every year, millions of small business owners overpay their taxes because they lack the time and expertise to make tax-sensitive business decisions throughout the year only to learn that it's too late to act when it comes to tax time. Now you can put your money back where it belongs—in your business. J.K. Lasser's Small Business Taxes 2020 helps you take wise actions during the year and tells you how to file completely and accurately while maximizing your bottom line.

Small Business Taxes Made Easy: How to Increase Your Deductions, Reduce What You Owe, and Boost Your Profits

Business Intelligence For Dummies

Small business taxes taxing you out? For most business owners, their single biggest "expense" (and headache) is dealing with their taxes. And while the just passed Congressional tax bill reduced taxes for many of the estimated 30 million small business owners in the U.S., the nation's taxes continue to be complex. Not being up-to-speed on tax rules and strategies can lead to mistakes that cost business owners thousands of dollars in fines and penalties every year. Small Business Taxes For Dummies assists both current and aspiring small business owners with important tax planning issues, including complete coverage of the tax changes taking effect in 2018, creating an ongoing tax routine, dealing with the IRS, and navigating audits and notices. Includes issues influencing incorporated

small businesses, partnerships, and LLCs Offers expanded coverage of other business taxes including payroll and sales taxes Provides websites and other online tax resources Gives guidance to millennials juggling multiple gigs If you're a current or aspiring small business owner looking for the most up-to-date tax planning issues, this book keeps you covered.

Small Business For Dummies

Host your own website or blog with this unique guide If you'd like to make the leap from a hosted environment to a self-hosted service, this book is for you. You may be making the move from casual blogging to professional blogging. Or, you might already be self-hosting, but want a good guide to show you how to get more out of your plan. In simple, easy-to-understand language, this helpful book breaks down all the functions of web hosting for self-hosted users, from setting up new e-mail accounts to backing up and securing your site, analyzing server logs, choosing a platform to install, and more. Breaks down the functions of web hosting for new self-hosters, including casual bloggers who may be moving into professional blogging Helps those who are already self-hosting maximize the services they are paying for Offers a one-stop, complete resource on web hosting, rather than just a few chapters, as in many blogging books Covers setting up and using e-mail accounts, working with FTP clients, backing up and securing sites, using cloud services, understanding domains and DNS, using built-in databases, and more Web Hosting For Dummies helps you take charge of your own web hosting and having fun in the process!

Taxes for Small Businesses QuickStart Guide

Incorporating Your Business For Dummies

If you're a business owner, incorporation can help you protect your personal assets and cut down your tax bill. But all the paperwork and legalese can make incorporation seem like more trouble than it's worth. Incorporating Your Business For Dummies offers all the savvy tips you need to get incorporated — starting today! Whether your business is big or small, incorporating isn't as simple as it could be. This handy reference makes incorporation make sense, and guides you through the process step by step. From handling the mountain of paperwork to getting back to business once you're finished, Incorporating Your Business For Dummies offers a wealth of helpful advice on these and many more topics: Knowing whether or not incorporation can help you Choosing the type of entity that will work best for your business Dealing with shareholders and shareholder agreements Transferring money and assets in or out of the corporation Documenting corporate actions and maintaining compliance Finding the right attorney, accountant, tax advisor, and other professionals Written by the experts at The Company Corporation, who handle more than 100,000 incorporations every year, this helpful book offers the kind of advice you can only get from professionals — but in a user-friendly, lingo-free format. Whether you just want a little help with the paperwork, or don't even know what a corporation is, you'll find everything you need to know: What limited liability means Corporate statutes, bylaws, and articles

Choosing directors and assigning duties The benefits of S corporation status
Deciding where to incorporate Registering corporate names and domain names
Balancing equity versus debt Understanding shareholder rights Getting your
financial information in order Hiring a professional to help with corporate
compliance If you want step-by-step help on setting up your corporation, dealing
with the paperwork, and getting off on the right foot, *Incorporating Your Business
For Dummies* is the only resource you need. Packed with the kind of tips and
advice you'll find nowhere else, it's the uncomplicated way to get incorporated.

Canadian Small Business Kit For Dummies

How can I avoid self-employment taxes? This simple question was the inspiration for creating an article describing the benefits of an S Corporation. That original article, which was about four pages long, quickly became a series of KnowledgeBase articles on the Watson CPA Group website. The articles touched on basic topics such as how to elect S Corp status, payroll, reasonable salary determination, retirement planning, health care, fringe benefits and liability protection. Those broad topics demanded much more information, both horizontally by spanning into more related issues, and vertically by digging deeper into the granular yet riveting levels of the tax code. The articles were grouped and relabeled as the *Taxpayer's Comprehensive Guide to LLCs and S Corps* which grew to 39 pages in its first edition. Time marched on, and more information was added to the first edition such as expanded retirement planning concerns, health care options after the Affordable Care Act and business valuations including exit strategies. Boom, we now had our second edition at over 100 pages. At that point it was suggested by some clients and colleagues to convert the PDF into an eBook as well as paperback. So here we are.. Each week we receive several phone calls and emails from small business owners across the country who have read our *Taxpayer's Comprehensive Guide to LLCs and S Corps* and praised the wealth of information. Regardless of your current situation, whether you are considering starting your own business or entertaining a contracting gig, or you are an experienced business owner, the contents of this book are for you. This book will show you how to reduce your self-employment taxes through an S Corporation election and how to use your corporation to your retirement and fringe benefit advantage. You will also learn the operational considerations of an S Corp plus the 185 reasons you should NOT elect S Corp status. Want to buy or sell a business? That's in here too. This book is written with the general taxpayer in mind. Too many resources simply regurgitate complex tax code without explanation. While in some cases tax code and court opinions are duplicated verbatim because of the precise words, this book strives to explain many technical concepts in layperson terms with some added humor and opinions. We believe you will find this book educational as well as amusing.

475 Tax Deductions for Businesses and Self-Employed Individuals

Tackle your tax with confidence and get the most from your return Do you want to be sure you're getting the maximum tax refund? Of course you do! And *Tax for Australians For Dummies*, 2013-2014 Edition is the only resource you need to

Taxes 2006 For Dummies

Limited Liability Companies For Dummies

Maximize your bottom line with the nation's most trusted small business tax guide J.K. Lasser's Small Business Taxes 2019 is the small business owner's ultimate guide to a money-saving, stress-free tax season. Providing straightforward advice from the nation's most trusted tax expert on small business taxes, this book gives you the answers you need quickly, with clear, concise guidance. Updated to cover changes from the Tax Cuts and Jobs Act and other legislation, this edition also includes an e-supplement covering additional developments from Congress and the IRS to keep you fully up-to-date. A complete listing of all available business deductions and credits helps you identify those you qualify for, and includes critical information on dollar limits, recordkeeping requirements, and how to actually take the write-off—all the way down to the IRS form to use. Organizational and planning strategies help you get through the process quickly and with fewer headaches, and this year's changes to the tax laws are explained in terms of how they affect your filing. Keeping up with the intricacies of tax law and filing is a full-time job—but it's

not your full-time job. You have a business to run. This book gives you the guidance you need in the time that you have so you can get taxes out of the way and get back to work. Learn which expenses qualify for deductions—and which ones don't. Adopt a more organized recordkeeping system to streamline the filing process. Explore small-business-specific strategies for starting or closing a business, running a sideline business, and operating in multiple businesses. Decode the various forms and worksheets correctly with step-by-step guidance. Audit-proof your return. Review obligations for the "other taxes," including payroll and excise taxes. Every year, millions of small business owners overpay their taxes because they lack the time and expertise to make tax-sensitive business decisions throughout the year only to learn that it's too late to act when it comes to tax time. Now you can put your money back where it belongs—in your business. J.K. Lasser's *Small Business Taxes 2019* helps you take wise actions during the year and tells you how to file completely and accurately while maximizing your bottom line.

Economics For Dummies

Now updated — America's #1 bestselling home-buying book! Want to buy a house, but concerned about the market? Have no fear — this trusted guide arms you with Eric Tyson and Ray Brown's time-tested advice and updated strategies for buying a home in current market conditions. You'll discover how to find the right property, make smart financial decisions, and understand the latest lending requirements and tax implications. New to this edition — new and expanded coverage to help homebuyers take advantage of low home prices, understand the subprime mortgage crisis, obtain a mortgage, and improve credit scores. To buy or not to buy? — weigh the advantages of owning versus renting, get your finances in order, and know how much house you can safely afford. Tax For Australians For Dummies

Small business taxes taxing you out? For most business owners, their single biggest “expense” (and headache) is dealing with their taxes. And while the just passed Congressional tax bill reduced taxes for many of the estimated 30 million small business owners in the U.S., the nation’s taxes continue to be complex. Not being up-to-speed on tax rules and strategies can lead to mistakes that cost business owners thousands of dollars in fines and penalties every year. Small Business Taxes For Dummies assists both current and aspiring small business owners with important tax planning issues, including complete coverage of the tax changes taking effect in 2018, creating an ongoing tax routine, dealing with the IRS, and navigating audits and notices. Includes issues influencing incorporated small businesses, partnerships, and LLCs Offers expanded coverage of other business taxes including payroll and sales taxes Provides websites and other online tax resources Gives guidance to millennials juggling multiple gigs If you’re a current or aspiring small business owner looking for the most up-to-date tax planning issues, this book keeps you covered.

Starting a Home Business for Dummies

The ultimate tax expert shows small business owners how to keep more of what

you earn For millions of self-employed Americans, Eva Rosenberg is the go-to person for tax advice. Small Business Taxes Made Easy walks you through every stage of the process, showing you how to reduce your tax losses at every step. You'll learn: How to set up a business plan that helps minimize taxes The tax benefits of various forms of financing How to spot errors in 1099s and what to do about them Record-keeping techniques that legally increase deductible expenses

The Small Business Bible

Grasp the history, principles, theories, and terminology of economics with this updated bestseller Since the initial publication of Economics For Dummies in 2005, the U.S. has endured a number of drastic changes and events that sent its economy into a tailspin. This newly revised edition presents updated material about the recent financial crisis and the steps taken to repair it. Packed with refreshed information and relevant new examples from today's economy, it gives you a straightforward, easy-to-grasp understanding of how the economy functions--and how it influences personal finances. New information on deciphering consumer behavior Refresh coverage of fiscal and monetary policies A new chapter on health care policy and the financial crisis Presenting complex theories in simple terms and helping you decode the jargon, understand the equations, and debunk the common misconceptions, Economics For Dummies tackles the topic in terms you can understand.

Financial Peace Revisited

Thanks to the Internet, home-based businesses are booming. With a home computer and a good idea, you can market and sell almost anything in the world just from home. Whether you're selling homemade jams or working as a business consultant, today's entrepreneur doesn't even have to leave home. Home-Based Business For Dummies, 2nd Edition will help you make your endeavor profitable and successful! Ideal for future entrepreneurs who have the urge and want the know-how, this updated guide includes new information on home business scams and how to avoid them, shows how to create an efficient, comfortable (but not too comfortable) work environment, explains how to put new technologies to work for you, and much more. There's even a 10-question quiz to help you determine if you're ready. You'll learn all the basics, including: Selecting the right kind of business for you Setting up a home office Managing money, credit, and financing Marketing almost anything in the world Avoiding distractions at home Home-Based Business For Dummies, 2nd Edition was written by Paul and Sarah Edwards, award-winning authors who write a monthly column for Entrepreneur magazine, and Peter Economy, an author or coauthor For Dummies books on managing, consulting, and personal finance. In straightforward English, they show you how to: Stay connected to the business community, even when working from home Keep your work separate from your personal life Handle benefits, health insurance, and your retirement planning Make sure your bookkeeping is accurate and legal Use the Internet to bid for work, list your services in directories, network, and more Choose the technology and other resources you need Develop your own marketing and

advertising strategies Navigate IRS rules for home-based businesses Home-Based Business For Dummies is packed with ideas and information that will help you get started right and help established, successful home-based business owners stay ahead of the pack. Use it well and this handy guide will be the most important reference in your home office.

Investing For Dummies

Are you paying more taxes than you have to? The IRS is certainly not going to tell you about a deduction you failed to take, and your accountant is not likely to take the time to ask you about every deduction you're entitled to. As former IRS Commissioner Mark Everson admitted, "If you don't claim it, you don't get it. That's money down the drain for millions of Americans." This invaluable book, updated to reflect changes in tax law, not only lists the individual items that are deductible—from Internet domain name costs to theft losses—but also explains where to list them on your income tax form. "Tax law isn't easy," the author explains, "but this book is." The twelfth edition will be completely updated to include new changes in tax law, a chapter on home-based businesses, and include a special "jump out" highlights in the A-to-Z listings for any deduction that has special rules for home-based businesses.
