American Accent Training

The ultimate rapid language-learning guide! For those who've despaired of ever learning a foreign language, here, finally, is a book that will make the words stick. At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school -- who does? -- rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources. In *Fluent Forever* Wyner reveals what he's discovered. The greatest challenge to learning a foreign language is the challenge of memory; there are just too many words and too many rules. For every new word we learn, we seem to forget two old ones, and as a result, fluency can seem out of reach. *Fluent Forever* tackles this challenge head-on. With empathy for the language-challenged and abundant humor, Wyner deconstructs the learning process, revealing how to build a foreign language in your mind from the ground up.

Acces PDF Speak With Foreign Accents Cd Volume Ii Proper British Cockney British Irish

Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery, rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. Soon, you'll gain the ability to learn grammar and more difficult abstract words--without the tedious drills and exercises of language classes and grammar books. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of downloadable audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to

Acces PDF Speak With Foreign Accents Cd Volume Ii Proper British Cockney British Irish

help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

Speak English Like an American

This book focuses on the language and communication skills that as nurses and healthcare professionals need in their professional and social situations. To facilitate this process, the emphasis is on the necessary elements of language, namely, listening, speaking, reading, pronunciation, non-verbal communication,

Acces PDF Speak With Foreign Accents Cd Volume Ii Proper British Cockney British Irish

writing and intercultural communication. The book attempts to develop the language and interpersonal skills essential for the establishment of rapport between nurses and their patients, thus enabling them to carry out their duties more effectively and with greater confidence.

Fluent Forever

Five audio CDs and one guide book. Focussing on the core English pronunciation problems, 'Accent America! Essentials' addresses the needs of non-native speakers who desire to express themselves more clearly and confidently. The practice exercises on the audio CDs along with explanations and illustrations in the guide book will help develop the fundamental features of an American accent. The book is for those who can speak and understand English but wish to reduce their native accent to build self-confidence and thus better their careers.

English For Nurses (With Cd)

This second edition provides extensive activities to help college-bound students develop clear speech and appropriate intonation. -- Vowels, consonants, stress, and intonation -- Recognition and production activities -- Paired communicative practice -- Sounds in isolation, sentences, dialogues, and rhymes

The Black Book of Speaking Fluent English: The Quickest Way to Improve Your Spoken English

Whether you're planning a trip to Russia or adding a second language to your resume, this book will help you to: recognize and read Cyrillic letters; pronounce Russian words like a native; ask for directions, order dinner, and conduct business; and hold your own in a conversation. Includes step-by-step lessons in vocabulary, grammar, and conversation.

Talk English

The TOTIL method of education will help your child learn twice as much from kindergarten through high school. It's easy to understand and even easier to implement. TOT stands for "time on task," and IL stands for "independent learning." By focusing on these two key areas, your child can be home-schooled to become better at math, English, and advanced subjects. He or she will be able to write, research, and think better when it's time to enter college. Dr. Doris Leclerc Ball, a retired teacher and psychologist, spent more than forty years perfecting the TOTIL method. In this guidebook, you'll discover • the critical importance of learner-centered education; • the obsolete nature of most teachers and how to replace them; • the simple curriculum and materials your child needs to succeed; • many

Acces PDF Speak With Foreign Accents Cd Volume Ii Proper British Cockney British Irish

other insights on how to help your child learn. Your child can master the knowledge and skills necessary to compete at the highest levels for grades, jobs, and more. It begins with a roadmap for Revolutionizing Education in America.

Pronouncing American English

Acces PDF Speak With Foreign Accents Cd Volume Ii Proper British Cockney British Irish

This is the 3rd edition of the world-acclaimed The American Accent Guide. The American Accent Guide provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this program are based on the belief that an efficient way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided into eight sections, each of which contains its own numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to

Acces PDF Speak With Foreign Accents Cd Volume Ii Proper British Cockney British Irish

process the American accent and have the basic speaking tools required to express it. They will also be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence, integrating each of them into natural contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The Dialect The dialect used in The American Accent Guide is standard American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news media and movies. Exercises in The American Accent Guide reflect the communication style of American culture, and they incorporate common idioms and colloquialisms used frequently in everyday situations. The Audio The American Accent Guide is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio

Acces PDF Speak With Foreign Accents Cd Volume Ii Proper British Cockney British Irish

track markers are easily located in small circles throughout the text. The entire book is available in audio form, and the program can be followed using the audio independently should the student wish to use it that way. Changes to the New Edition This new 3rd edition of The American Accent Guide builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress."

The Trial at Bar of Sir Roger C.D. Tichborne, Bart

Sound like a native English speaker in six easy lessons Even though you know the vocabulary and the endless grammar rules, you still find it difficult to pronounce English words correctly. This struggle with your new language can make communicating with native English speakers a frustrating experience for both you and them. Now you can gain confidence in your English skills and speak like an American with this focused, nonintimidating program. Improve Your American English Accent is an easy and enjoyable way to learn and master the most challenging American English speech characteristics, such as: The most troublesome of sixteen American English vowel sounds The duration of vowel sounds Differences in stressed and unstressed syllables and words How a sound is changed by the sounds that come before and after it Stress in words and phrases and how it influences timing The CDs present six 35-minute lessons, each one covering key obstacles faced by nonnative English speakers. Author Charlsie Childs
