This critical, historical, and theoretical study looks at a little-known group of novels written during the 1930s by women who were literary radicals. Arguing that class consciousness was figured through metaphors of gender, Paula Rabinowitz challenges the conventional wisdom that feminism as a discourse disappeared during the decade. She focuses on the ways in which sexuality and maternity reconstruct the "classic" proletarian novel to speak about both the working-class woman and the radical female intellectual. Two well-known novels bracket this study: Agnes Smedley's *Daughters of Earth* (1929) and Mary McCarthy's *The Company She Keeps* (1942). In all, Rabinowitz surveys more than forty novels of the period, many

largely forgotten. Discussing these novels in the contexts of literary radicalism and of women's literary tradition, she reads them as both cultural history and cultural theory. Through a consideration of the novels as a genre, Rabinowitz is able to theorize about the interrelationship of class and gender in American culture. Rabinowitz shows that these novels, generally dismissed as marginal by scholars of the literary and political cultures of the 1930s, are in fact integral to the study of American fiction produced during the decade. Relying on recent feminist scholarship, she reformulates the history of literary radicalism to demonstrate the significance of these women writers and to provide a deeper understanding of their work for twentieth-century American cultural studies in general.

Human sexuality today stands at the crossroads between biological diversity and social conformity, and a battle between the two rages in the media, in social institutions, and in our daily lives. As a sex therapist, Michael Aaron witnesses this struggle each and every day as it plays out on his therapy couch. *Modern Sexuality: The Truth about Sex and Relationships* examines how biology and society collide head-on in the realm of human sexuality. Here, Aaron carefully and convincingly debunks some of the most commonly held beliefs about sexuality - that it is learned and can be changed; that "abnormal" sexual behavior is pathological; that healthy sexuality involves intimacy; that intimacy is the same to everyone; and that sexuality must have a clearly defined purpose. Using groundbreaking brain-imaging studies and cutting-edge psychological insights, *Modern Sexuality* presents the overwhelming case for sexual diversity including orientation, non-traditional relationships, and even specific fantasies and kinks. In a world where sexual "outsiders" battle for acceptance, this work helps to explore the variety of sexual expressions from a normative standpoint, helping readers to understand that their own desires and those of others can happily exist on the same continuum.

All Music Guide

The essays in this volume have all been carefully chosen by Cynthia Chase to exemplify the most important strands in contemporary critical thought on Romantic literature, in particular the best of recent feminist, deconstructive, and new historicist writing. They include contributions from critics such as Paul de Man, Mary Jacobus, Marjorie Levinson and Jerome Christensen. The collection, with its substantial introduction and judicious selection of key work, explains the significance of recent critical debate by relating it to fundamental critical questions that define Romanticism. Through the course of their analyses the essays offer answers to perhaps the most essential question posed by the Romantic period: what is the role of language in history?

Romanticism

A history of Western painting and its artists. Biographical and critical essays on more than 450 individual painters, covering the development of painting from the close of the Middle Ages in Italy, when Giotto revolutionized the art of painting in the great frescoes in the Arena Chapel in Padua, down through Cezanne and his revolution in painting.

Splitting Up

Starting from the premise that Canadian culture offers "particularly fertile ground for the cultivation of doubleness," this book explores the numerous forms of irony observable in Canadian literature and visual arts. Individual chapters focus on the ironies of ethnicity and race, irony as a strategy for addressing Canada's colonial past, feminists' uses of irony, and a specific case of photography and the amplification of ironies in the work of artistic collectives such as Fastwurns and

General Idea. The book concludes with an examination of the political power of irony.

Narrative Inquiry

The Reverend Phillips Brooks was undeniably one of the most popular preachers of Gilded Age America and the author of the beloved Christmas carol, 'O Little Town of Bethlehem.' However, very few critical studies of his life and work exist. In this insightful book, Gillis J. Harp places Brooks's religious thought in its proper historical, cultural, and ecclesiastical contexts while clarifying the sources of Brooks's inspiration. The result is a fuller, richer portrait of this luminous figure and of this transitional era in American protestantism.

Hollywood Romantic Comedy

In this second edition of her groundbreaking book, Dr. Joan Lachkar addresses the ever-changing faces and phases of narcissism within the context of marital therapy and discusses the new developments in the treatment of marital conflict. Drawing from many different theoretical frameworks, mainly self-psychology (Kohut) and object relations (Klein), the works of D.W. Winnicott, and Kernberg are expanded to further explain why couples stay in painful, conflictual, never-ending relationships (traumatic bonding). The new chapters, case illustrations, and updated treatment sequences are invaluable to both beginning and experienced clinicians. *The Narcissistic / Borderline Couple* is an essential text for every marital therapist, offering an improved understanding of marital pathology within the framework of our changing world.

Dissociative Identity Disorder

In the light of post-structuralism and feminist theory, this book reappraises "The Prelude" using Romantic autobiography, theatrical politics and history to outline the role of gender in Romantic self-representation and pedagogy. This is the first major study of the work by a scholar distinguished both as a Wordsworthian and as a feminist critic.

The Future of Difference

One of the world's most respected voices on erotic intelligence, Esther Perel offers a bold, provocative new take on intimacy and sex. *Mating in Captivity* invites us to explore the paradoxical union of domesticity and sexual desire, and explains what it takes to bring lust home. Drawing on more than twenty years of experience as a couples therapist, Perel examines the complexities of sustaining desire. Through case studies and lively discussion, Perel demonstrates how more exciting, playful, and even poetic sex is possible in long-term relationships. Wise, witty, and as revelatory as it is straightforward, *Mating in Captivity* is a sensational book that will transform the way you live and love.
