explains the traditional site inspector/clerk of works role and their liabilities, as well as duties and responsibilities linked to a more contemporary construction setting. It explores the relationship between inspectors, architects and other construction professionals, whilst providing valuable insight into reporting and what to look for, check and test every step of the way. It's an essential reference book for Clerks of Works and Site Inspectors, containing important lessons for newly qualified architects, those who carry out site inspections or act as resident site architects and Part 3 students.

Clerk of Works and Site Inspector Handbook
