No Place to Run

The New York Times Bestseller In May 2013, Glenn Greenwald set out for Hong Kong to meet an anonymous source who claimed to have astonishing evidence of pervasive government spying and insisted on communicating only through heavily encrypted channels. That source turned out to be the 29-year-old NSA contractor and whistleblower Edward Snowden, and his revelations about the agency's widespread, systemic overreach proved to be some of the most explosive and consequential news in recent history, triggering a fierce debate over national security and information privacy. As the arguments rage on and the government considers various proposals for reform, it is clear that we have yet to see the full impact of Snowden's disclosures. Now for the first time, Greenwald fits all the pieces together, recounting his high-intensity ten-day trip to Hong Kong, examining the broader implications of the surveillance detailed in his reporting for The Guardian, and revealing fresh information on the NSA's unprecedented abuse of power with never-before-seen documents entrusted to him by Snowden himself. Going beyond NSA specifics, Greenwald also takes on the establishment media, excoriating their habitual avoidance of adversarial reporting on the government and their failure to serve the interests of the people. Finally, he asks what it means both for individuals and for a nation's political health when a government pries so invasively into the private lives of its citizens—and considers what safeguards and forms of oversight are necessary to protect democracy in the digital age. Coming at a landmark moment in American history, No Place to Hide is a fearless, incisive, and essential contribution to our understanding of the U.S. surveillance state.

Price of Duty

From Christina June, author of It Started with Goodbye and Everywhere You Want to Be, comes No Place Like Here, a modern twist on Hansel and Gretel. Ashlyn Zanotti has big plans for the summer. She’s just spent a year at boarding school and can’t wait to get home. But when Ashlyn’s father is arrested for tax evasion and her mother enters a rehab facility for “exhaustion,” her life is turned upside down. The cherry on top? Ashlyn’s father sends her to work with a cousin she doesn’t even know at a rustic team-building retreat center in the middle of nowhere. A self-proclaimed “indoor girl,” not even Ash’s habit of leaving breadcrumb quotes—inspirational sayings she scribbles everywhere—can help her cope. With a dangerously careless camp manager doling out grunt work, an overbearing father trying to control her even from prison, and more than a little boy drama to struggle with, the summer is full of challenges. And Ashlyn must make the toughest decision of her life: keep quiet and follow her dad’s marching orders, or find the courage to finally stand up to her father to have any hope of finding her way back home. Fans looking for clean teen fiction, with elements of drama, romance, friendship, and an unflinching look into navigating and improving even the most difficult parent-teen relationships need look no further.

A War Zone of the Soul Dr. W. Lee Warren’s life as a neurosurgeon in a trauma center began to unravel long before he shipped off to serve the Air Force in Iraq in 2004. When he traded a comfortable if demanding practice in San Antonio,

Texas, for a ride on a C-130 into the combat zone, he was already reeling from months of personal struggle. At the 332nd Air Force Theater Hospital at Joint Base Balad, Iraq, Warren realized his experience with trauma was just beginning. In his 120 days in a tent hospital, he was trained in a different specialty—surviving over a hundred mortar attacks and trying desperately to repair the damages of a war that raged around every detail of every day. No place was safe, and the constant barrage wore down every possible defense, physical or psychological. One day, clad only in a T-shirt, gym shorts, and running shoes, Warren was caught in the open while round after round of mortars shook the earth and shattered the air with their explosions, stripping him of everything he had been trying so desperately to hold on to. Warren's story is an example of how a person can go from a place of total loss to one of strength, courage, and victory. Whether you are in the midst of your own crisis of faith, failed relationship, financial struggle, or illness, you will be inspired to remember that how you respond determines whether you survive—spiritually, emotionally, and sometimes physically. It is the beginning of a long journey home.

The Secret Sky

Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, Anthem takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of Anthem is both modern and readable.

No Place to Call Home

Liza Barclay, aged 10, shot her mother while trying to protect her from her violent stepfather, ex-FBI agent Charley Foster. Despite her stepfather's claim that it was a deliberate act, the Juvenile Court ruled the death an accident. Many people,

however, agreed with Foster and tabloids compared Liza to the infamous murderess, Lizzie Borden, pointing even to the similarity in name. Growing up with adoptive parents who tried to erase every trace of her past, her name is changed to Celia. Always, though, the fear hung over her and the family - that someday, her vengeful stepfather would reappear to harm her. Aged 25, a successful interior designer, she marries a childless sixty-year old widower and they have a son. Before their marriage, she had confided her earlier life to her husband. Two years on, on his deathbed, he tells her that he would want her to re-marry, but makes her swear never to reveal her past to anyone, so that their son would not carry the burden of this family tragedy - a promise that plunges her into a new cycle of violence. Three years later, happily re-married, Celia is shocked when her second husband presents her with a gift -- the house where she killed her mother. When the real estate agent who has made the sale recognises her and, soon after, is murdered, Celia is accused of the crime. Once again, she is home -- the place where she is stamped as a murderess.

Snowden is a former Senior Advisor to the NSA, a former Field Officer with the CIA, and a former lecturer for the United States Defense Intelligence Agency. He had confidential information he wanted to share with Greenwald, but would only do it if he knew their connection was secure. Greenwald is a journalist known for his reporting on the wrongdoings of the National Security Agency (NSA). Snowden wanted Greenwald to use PGP (pretty good privacy) encryption on his computer so that he could safely send him some information that he had gathered. Although Greenwald considered adding these extra security measures to his computer, he was very busy with other things and did not want to take the time to put the complicated software in place. Snowden sent him a guide on how to add the encryption, but Greenwald still took no action. Snowden offered to find someone who could help Greenwald install the system. Without

positive proof that the information Snowden had was really newsworthy, Greenwald did not feel motivated to take the steps necessary to install the PGP encryption. However, without a secure form of communication in place, Snowden was unwilling to risk sharing the information he had with Greenwald. This communication between the two took place over several weeks and then came to a standstill. On April 18, Laura Poitras contacted Greenwald. Laura Poitras is a documentary filmmaker who is known for fearlessly taking risks in making her films. She made three films about the conduct of the United States during the war on terror, which made her a target of government officials whenever she entered or left the country. Poitras wanted to talk to Greenwald about something but would only do it in person and in private in a secure location

No Place for a Woman

T. J. Jackson Lears draws on a wealth of primary sources — sermons, diaries, letters — as well as novels, poems, and essays to explore the origins of turn-of-the-century American antimodernism. He examines the retreat to the exotic, the pursuit of intense physical or spiritual experiences, and the search for cultural self-sufficiency through the Arts and Crafts movement. Lears argues that their antimodern impulse, more pervasive than historians have supposed, was not "simple escapism," but reveals some enduring and recurring tensions in American culture. "It's an understatement to call *No Place of Grace* a brilliant book. . . . It's the first clear sign I've seen that my generation, after marching through the '60s and jogging through the '70s might be pausing to examine what we've learned, and to teach it."—Walter Kendrick, *Village Voice* "One can justly make the claim that *No Place of Grace* restores and reinterprets a crucial part of American history. Lears's method is impeccable."—Ann Douglas, *The Nation*

No Place Like Home

Historians of the First World War have often dismissed the important role of poison gas in the battles of the Western Front. Tim Cook shows that the serious threat of gas did not disappear with the introduction of gas masks. By 1918, gas shells were used by all armies to deluge the battlefield, and those not instructed with a sound anti-gas doctrine left themselves exposed to this new chemical plague. This book provides a challenging re-examination of the function of gas warfare in the First World War, including its important role in delivering victory in the campaign of 1918 and its curious postwar legacy.

A tale of love, loss, identity, and belonging, *No Place to Call Home* tells the story of a family who fled to the United Kingdom from their native Congo to escape the political violence under the dictator, Le MarÃ©chal. The young son Jean starts at a new school and struggles to fit in. An unlikely friendship gets him into a string of sticky situations, eventually leading to a suspension. At home, his parents pressure him to focus on school and get his act together, to behave more like his star-student little sister. As the family tries to integrate in and navigate modern British society while holding on to their roots and culture, they meet Tonton, a womanizer who loves alcohol and parties. Much to Jean's father's dismay, after losing his job, Tonton moves in with them. He introduces the family—via his church where colorful characters congregate—to a familiar community of fellow country-people, making them feel slightly less alone. The family begins to settle, but their current situation unravels and a threat to their future appears, while the fear of uncertainty remains.

“Think *Treasure Island*’s Jim Hawkins and *Encyclopedia Brown* rolled into one adventurous, ingenious, God-fearing lad, and you get the idea. Fun, suspenseful, and unpredictable, the *No Place Like Holmes* books are fantastic reads, and author Jason Lethcoe is a fine craftsman of words to boot. I highly recommend this series.” —Robert Liparulo, bestselling author of *Dreamhouse Kings* and *The 13th Tribe* The new resident in 221A Baker Street is about to give Sherlock Holmes a run for his magnifying glass! When Griffin is sent to stay with his detective uncle at 221A Baker Street for the summer, he is certain that his uncle must be the great Sherlock Holmes! But Griffin is disappointed to discover that Holmes lives at 221B Baker Street and his uncle lives unit 221A. His uncle is a detective, just not a very good one. But when Griffin meets a woman with a case that Holmes has turned away for being too ridiculous, he and his uncle team up to help her. Along the way, Griffin shows his uncle just what it means to have true faith in God, even when the case challenges that. The woman claims that her husband was eaten by the Loch Ness Monster, but monsters aren’t real—or are they? “The *No Place Like Holmes* books will capture you on first page and not let you go until the final fascinating twist and turn. Jason Lethcoe is an excellent writer with the ability to craft a story that entertains all readers (adults are welcome to take a peek!).” —Robert Whitlow, bestselling author of the *Tides of Truth* series Meets national education standards.

The impact of stop-and-frisk policing on a South Bronx community What's it like to be stopped and frisked by the police while walking home from the supermarket with your young children? How does it feel to receive a phone call from your fourteen-year-old son who is in the back of a squad car because he laughed at a police officer? How does a young person of color cope with being frisked several times a week since the age of 15? These are just some of the stories in *No Place on the Corner*, which draws on three years of intensive ethnographic fieldwork in the South Bronx before and after the landmark 2013 *Floyd v. City of New York* decision that ruled that the NYPD's controversial "stop and frisk" policing methods were a violation of rights. Through riveting interviews and with a humane eye, Jan Haldipur shows how a community endured this aggressive policing regime. Though the police mostly targeted younger men of color, Haldipur focuses on how everyone in the neighborhood—mothers, fathers, grandparents, brothers and sisters, even the district attorney's office—was affected by this intense policing regime and thus shows how this South Bronx community as a whole experienced this collective form of punishment. One of Haldipur's key insights is to demonstrate how police patrols effectively cleared the streets of residents and made public spaces feel off-limits or inaccessible to the people who lived there. In this way community members lost the very 'street corner' culture that has been a hallmark of urban spaces. This profound social consequence of aggressive policing effectively keeps neighbors out of one another's lives and deeply hurts a community's sense of cohesion. *No Place on the Corner* makes it hard to ignore the widespread consequences of aggressive policing tactics in major cities across the United States.

No Place to Vanish (Murder in the Keys—Book #2)

The U.S. hospital embodies society's hope for itself—a technological bastion standing between us and death. What does the gold standard of rescue, as ideology and industry, mean for the dying patient in the hospital and for the status of dying in American culture? This book shows how dying is a management problem for hospitals, occupying space but few billable encounters and of little interest to medical practice or quality control. An anthropologist and bioethicist with two decades of professional nursing experience, Helen Chapple goes beyond current work on hospital care to present fine-grained accounts of the clinicians, patients, and families who navigate this uncharted, untidy, and unpredictable territory between the highly choreographed project of rescue and the clinical culmination of death. This book and its important social and policy implications make key contributions to the social science of medicine, nursing, hospital administration, and health care delivery fields.

No Place on the Corner

This is a biography of a borderland between Russia and Poland, a region where, in 1925, people identified as Poles, Germans, Jews, Ukrainians, and Russians lived side by side. Over the next three decades, this mosaic of cultures was modernized and homogenized out of existence by the ruling might of the Soviet Union, then Nazi Germany, and finally, Polish and Ukrainian nationalism. By the 1950s, this "no place" emerged as a Ukrainian heartland, and the fertile mix of peoples that defined the region was destroyed. Brown's study is grounded in the life of the village and shtetl, in the personalities and small histories of everyday life in this area. In impressive detail, she documents how these regimes, bureaucratically and then violently, separated, named, and regimented this intricate community into distinct ethnic groups. Drawing on recently opened archives, ethnography, and oral interviews that were unavailable a decade ago, *A Biography of No Place* reveals Stalinist and Nazi history from the perspective of the remote borderlands, thus bringing the periphery to the center of history. We are given, in short, an intimate portrait of the ethnic purification that has marked all of Europe, as well as a glimpse at the margins of twentieth-century "progress." Brown argues that repressive national policies grew not out of chauvinist or racist ideas, but the very instruments of modern governance - the census, map, and progressive social programs - first employed by Bolshevik reformers in the western borderlands. Professor of History at University of Maryland, Baltimore County. A Biography of No Place is one of the most original and imaginative works of history to emerge in the western literature on the former Soviet Union in the last ten years. Historiographically fearless, Kate Brown writes with elegance and force, turning this history of a lost, but culturally rich borderland into a compelling narrative that serves as a microcosm for understanding nation and state in the Twentieth Century. With compassion and respect for the diverse people who inhabited this margin of territory between Russia and Poland, Kate Brown restores the voices, memories, and humanity of a people lost. --Lynne Viola, Professor of History, University of Toronto Samuel Butler and Kate Brown have something in common. Both have written about Erewhon with imagination and flair. I was captivated by the courage and enterprise behind this book. Is there a way to write a history of events that do not make rational sense? Kate Brown asks. She proceeds to give us a stunning answer. --Modris Eksteins, author of Rites of Spring: The Great War and the Birth of the Modern Age Kate Brown tells the story of how succeeding regimes transformed a onetime multiethnic borderland into a far more ethnically homogeneous region through their often murderous imperialist and nationalist projects. She writes evocatively of the inhabitants' frequently challenged identities and livelihoods and gives voice to their aspirations and laments, including Poles, Ukrainians, Germans, Jews, and Russians. A Biography of No Place is a provocative meditation on the meanings of periphery and center in the writing of history. --Mark von Hagen, Professor of History, Columbia University

Summary of No Place to Hide

Based on hands-on, real-world research and concepts used by CEOs, managers and employees in organizations ranging from Fortune 500 to nonprofit, There Is No Place Like Work shows how organizations have accomplished and can accomplish the ultimate goal of managing their CORE Culture. Successful management will help companies build a staff of motivated employees who feel, individually, that they are doing meaningful tasks in the right place-a workplace that offers a sense of belonging and opportunity for the individual and profits for the organization. A company's culture is not an amorphous and accidental phenomenon. This crucial element in long-range organizational success is definable, measurable and moldable. That process is called CORE Culture Management, and authors Margolis and Wilensky reveal how to master it by understanding CORE Culture and the Five P's. This guide will help you: Learn how to harness the Five P's, a set of key parameters delineating critical elements of your organization: Purpose, Philosophy, Priorities, Practices and Projections.
