Niagara

The beautiful aurorae, or northern lights, are the stuff of legends. The ancient stories of the Sami people warn that if you mock the lights they will seize you, and their mythical appeal continues to capture the hearts and imagination of people across the globe.

Roles of the Northern Goddess

In this non-fiction debut, Lucy Jago tells the fascinating and moving story of visionary scientist, Kristian Birkeland, the man whose quest to solve the mystery of the Northern Lights cost him his sanity, and ultimately his life.

Northern Light

Recipes involving dozens of little tricks that make the difference between ordinary loaves of bread and spectacular ones.

Land of the Midnight Sun

The Northern Lights

Torches Aloft

Lady of the Northern Light

Presents detailed coverage of the deities, legendary heroes and heroines, important animals, objects, and places that make up the mythic lore of the many peoples of North America.

Children of the Northlights

Comprehensive and cross-referenced, this informative volume is a rich introduction to the world of nature as experienced by ancient peoples around the globe. 51 halftones.

The Dancing Salmon

The Dancing Salmon are magical creatures that help spread the joys of the aurora across the north. When Ihana discovers the pond that the dancing salmon call home, she also meets their caretaker- Flynt. But Flynt looks so thin, and so hungry, and Ihana doesn't understand why he won't just eat the dancing salmon that live in the pond beside his cabin. With a little push from Flynt, Ihana embarks on an adventure to discover the purpose of the dancing salmon, and why Flynt could never feast upon one.

Northern Mythology

GAIMAN! RUSSELL! MIGNOLA! ORDWAY! New York Times bestselling author Neil Gaiman and Eisner Award-winning comics legend P. Craig Russell breathe new life into the ancient Norse stories by taking readers through the creation of the Nine Worlds to the epic origin and adventures of Thor, Odin, and Loki all the way to the end of life—Ragnarok. Having previously written about deities in *American Gods* and *The Sandman*, Gaiman teams with Russell to finally bring readers to follow the northern gods in their own setting in this comic book adaptation of the hit novel!

The Book of Nature Myths for Children

Runes of the Northern Light Oracle

NATIONAL BESTSELLER FINALIST 2011 - Ottawa Book Award for Non-Fiction Roy MacGregor's lifelong fascination with Tom Thomson first led him to write *Canoe Lake*, a novel inspired by a distant relative's affair with one of Canada's greatest painters. Now, MacGregor breaks new ground, re-examining the mysteries of Thomson's life, loves and violent death in the definitive non-fiction account. Why does a man who died almost a century ago and painted relatively little still have such a grip on our imagination? The eccentric spinster Winnie Trainor was a fixture of Roy MacGregor's childhood in Huntsville,

Ontario. She was considered too odd to be a truly romantic figure in the eyes of the town, but the locals knew that Canada's most famous painter had once been in love with her, and that she had never gotten over his untimely death. She kept some paintings he gave her in a six-quart basket she'd leave with the neighbours on her rare trips out of town, and in the summers she'd make the trip from her family cottage, where Thomson used to stay, on foot to the graveyard up the hill, where fans of the artist occasionally left bouquets. There she would clear away the flowers. After all, as far as anyone knew, he wasn't there: she had arranged at his family's request for him to be exhumed and moved to a cemetery near Owen Sound. As Roy MacGregor's richly detailed Northern Light reveals, not much is as it seems when it comes to Tom Thomson, the most iconic of Canadian painters. Philandering deadbeat or visionary artist and gentleman, victim of accidental drowning or deliberate murder, the man's myth has grown to obscure the real view — and the answers to the mysteries are finally revealed in these pages. From the Hardcover edition.

Zenith

The White Goddess is perhaps the finest of Robert Graves's works on the psychological and mythological sources of poetry. In this tapestry of poetic and religious scholarship, Graves explores the stories behind the earliest of European deities—the White Goddess of Birth, Love, and Death—who was worshipped under countless titles. He also uncovers the obscure and mysterious power of "pure poetry" and its peculiar and mythic language.

Aurora: In Search of the Northern Lights

A collection of stories from around the world that are meant to explain such things as "Why the cat always falls upon her feet, " "How fire was brought to the Indians, " and "Why there is a hare in the moon."

Northern Lights

Longlisted for the 2018 Scotiabank Giller Prize Shortlisted for the 2019 Amazon First Novel Award Shortlisted for the 2019 Kobo Emerging Writer Prize Winner of the 2019 Indigenous Voices Award for Published Prose in English Winner of the 2018 Alcuin Society Awards for Excellence in Book Design - Prose Fiction Longlisted for the 2019 Sunburst Award From the internationally acclaimed Inuit throat singer who has dazzled and enthralled the world with music it had never heard before, a fierce, tender, heartbreaking story unlike anything you've ever read. Fact can be as strange as fiction. It can also be as dark, as violent, as rapturous. In the end, there may be no difference between them. A girl grows up in Nunavut in the 1970s. She knows joy, and friendship, and parents' love. She knows boredom, and listlessness, and bullying. She knows the tedium of the everyday world, and the raw, amoral power of the ice and sky, the seductive energy of the animal world. She

knows the ravages of alcohol, and violence at the hands of those she should be able to trust. She sees the spirits that surround her, and the immense power that dwarfs all of us. When she becomes pregnant, she must navigate all this. Veering back and forth between the grittiest features of a small arctic town, the electrifying proximity of the world of animals, and ravishing world of myth, Tanya Tagaq explores a world where the distinctions between good and evil, animal and human, victim and transgressor, real and imagined lose their meaning, but the guiding power of love remains. Haunting, brooding, exhilarating, and tender all at once, Tagaq moves effortlessly between fiction and memoir, myth and reality, poetry and prose, and conjures a world and a heroine readers will never forget.

Mythology

A collection of stories, primarily about brave warrior gods, told around the fireside on cold winter nights by the people of Norway, Sweden, Denmark, Finland, and Iceland.

Norse Mythology #1

The Northern Light

Split Tooth

Eighty of the world's greatest myths and characters, from the gods of Greek mythology to the Norse heroes, retold and explained with engaging text and bold graphics. From early creation stories to classical hero narratives and the recurring theme of the afterlife, experience each myth and unravel the meanings behind the stories, getting to the heart of the importance of mythology to different cultures worldwide. More than just stories, myths are a testament to the amazing creativity of humans striving to explain and make sense of the world around them. Here you will discover Zeus, god of the sky and ruler of the Olympian gods, and Loki, the cunning trickster with a knack for causing havoc, aided by his ability to change shape and gender. Beyond the gods and goddesses of Ancient Greek, Roman, and Norse myths, this book delves into the stories of the Australian aborigines, the Cherokee, and the Aztecs, each brimming with amazing characters and insights into human existence. This newest title in the bestselling Big Ideas series pairs engaging visual style with global coverage of world myths--profiling everything from the well-known tales of the Greeks, Norsemen, and Egyptians to the legends of the Caribbean, the Americas, Oceania, and East Asia--bringing the wisdom of the ages to life.

The White Goddess

The exciting field of biblical archaeology has revolutionized our understanding of the Bible -- and no one has done more to popularise this vast store of knowledge than Israel Finkelstein and Neil Silberman, who revealed what we now know about when and why the Bible was first written in *The Bible Unearthed*. Now, with David and Solomon, they do nothing less than help us to understand the sacred kings and founding fathers of western civilization. David and his son Solomon are famous in the Bible for their warrior prowess, legendary loves, wisdom, poetry, conquests, and ambitious building programmes. Yet thanks to archaeology's astonishing finds, we now know that most of these stories are myths. Finkelstein and Silberman show us that the historical David was a bandit leader in a tiny back-water called Jerusalem, and how -- through wars, conquests and epic tragedies like the exile of the Jews in the centuries before Christ and the later Roman conquest -- David and his successor were reshaped into mighty kings and even messiahs, symbols of hope to Jews and Christians alike in times of strife and despair and models for the great kings of Europe. A landmark work of research and lucid scholarship by two brilliant luminaries, *David and Solomon* recasts the very genesis of western history in a whole new light.

Northern Lights

The Myth of Continents

In a thoughtful and engaging critique, geographer Martin W. Lewis and historian Karen Wigen re-examine the basic geographical divisions we take for granted. Their up-to-the-minute study reflects both on the global scale and its relation to the specific continents of Europe, Asia, and Africa actually part of one contiguous landmass. Photos. maps.

Dictionary of Nature Myths

In Nordic literature a remarkable discussion of the northern light appears in *Kongespeilet* (The King's Mirror) a thirteenth-century Norwegian chronicle. It is described in vivid detail as the following translated excerpts demonstrate: These northern lights have this peculiar nature, that the darker the night is, the brighter they seem, and they always appear at night but never by day, most frequently in the densest darkness and rarely by moonlight. In appearance they resemble a vast flame of fire viewed from a great distance. It also looks as if sharp points were shot from this flame up into the sky; these are of uneven height and in constant motion, now one, now another darting highest; and the light appears to blaze like a living flame. Three different theories for the origin of the northern light were suggested in this book. Numerous naturally occurring heavenly phenomena have been observed and enjoyed as long as the Earth has been inhabited, but hardly any of

them has stirred man's imagination, curiosity and fear as much as the northern light. The northern light is certainly one of the most spectacular of nature's phenomena.

Northern Mythology, comprising the principal popular traditions and superstitions of Scandinavia, North Germany, and the Netherlands, etc

Northern Mythology, Comprising the Principal Popular Traditions and Superstitions of Scandinavia, North Germany and The Netherlands

Electric green pierced by neon blue, shocking pink spinning into violent red, and shimmering purple sidled up against deep indigo: never before have you seen such high-octane colors in the sky, and never before has a book shown the northern lights-aurora borealis-in such vivid color. In Northern Lights, photographers Calvin Hall and Daryl Pederson bring to print nearly a hundred photographs of this amazing natural phenomenon, shot from remote locations all over Alaska and using no filters or digital enhancement. Just as fascinating are the legends, myths, and science surrounding this polar phenomenon, described by George Bryson. As 2002 marks the peak viewing time of the northern lights in an eleven-year cycle, this book brings the elusive magic of the northern lights to stargazers near and far.

Northern Mythology: Northern mythology.- Vol. 2. Scandinavian popular traditions and

superstitions.- Vol. 3. North German and Netherlandish popular traditions and superstitions

#1 New Release on Amazon (Arctic and Antarctic History, Feb. 2020) #1 New Release on Amazon (History of Astronomy, Feb. 2020) "An astounding tale that showcases humankind's desire to cure curiosity and understand the heavens."- Glossop Chronicle "A must read for anybody eager to learn more about this astonishing wonder of the world." - Around Saddleworth and Tameside Magazine *** In the year 28,000BC an enraptured caveman witnessed the Northern Lights for the first time in documented history. From that moment forth, a worldwide obsession was born. Have you ever wondered about the Northern Lights? Pondered what they are and where they come from? Well, you'll be happy to hear you're in good company, as many people have asked exactly the same questions throughout history. From scruffy French cavemen to Aristotle, and from some of the world's most audacious scientists to the Vikings and Arctic tribes, these questions have set imaginations alight for tens of thousands of years giving birth to theories, facts, and ideas that stretch the imagination to the ends of the Earth. Explorers have sought their source, scientists questioned their beginnings, and philosophers contemplated their meaning. Even today, some people fear them, others worship them, and many travel thousands of miles to catch a glimpse of their enthralling beauty. This is the book of that obsession. This is the story of the Northern Lights from beginning to end. Who saw them first? What did they say? And how did the myths they created stand the test of time? But, after the invention of science the questions started to change: how were they formed? Where did they come from? And what effect did they have upon Earth and its inhabitants? Should we be concerned? Zenith answers all the above whilst seamlessly intertwining ancient mythology, Arctic exploration, and scientific endeavour, into an enthralling, exhilarating, and inspiring read. It's light-hearted, edifying, and sure to satisfy your need for escapism. This is the Northern Lights as you've never seen them before.

Aurora of the Northern Lights

During long winter nights, the light of the aurora borealis appears over the sparsely populated north. Little is known, however, about these dazzling displays of ghostly light and movement. The author discusses the history, mythology, and science behind auroras. Demonstrating the influence of the sun in the aurora's creation, he also compares the northern lights with phenomena such as lightning and rainbows. Lavishly illustrated with numerous color and black and white pictures, Aurora offers a comprehensive understanding of a mysterious dynamic that has fascinated and even alarmed northern communities through the ages.

The Well of Remembrance

"First appearing in 1941, Nelvana was tasked with protecting Canada's northern lands. Using the powers of the northern

lights, Nelvana could fly at incredibly fast speeds, become invisible, and even turn to dry ice! She used her great powers to ward off Nazi invaders, shady fur traders, subterranean mammoth men, and interdimensional ether people. With the aid of her brother Tanero, a demigod cursed to appear as a Great Dane, and her sidekick Mountie Cpl. Keene, Nelvana was a steady force for good for six years before her adventures came to an end in 1947. Nelvana's complete adventures have been collected and reprinted in one single volume!" -- Back cover.

The Mythology Book

Follows a Sami boy and girl who live at the top of Norway, in Lapland, on their long trip with the reindeer herd down from the mountains of snow to the village where they go to school.

Aurora

This beautifully illustrated work is a heartwarming story of a home lost and found--and a Christmas lesson for everyone. "'Aurora of the Northern Lights" could become for a new generation what "The Night Before Christmas" has been before it: a seasonal classic."--Greg Elliot.

David and Solomon

While much work has been done on goddesses of the ancient world and the male gods of pre-Christian Scandinavia, the northern goddesses have been largely neglected. Roles of the Northern Goddess presents a highly readable study of the worship of these goddesses by men and women. With its use of evidence from early literature, popular tradition, legend and archaeology, this book investigates the role of the early hunting goddess and the local goddesses who were involved in all aspects of the household and the farm. What emerges is that the goddess was both benevolent and destructive, a powerful figure closely concerned with birth and death and with destiny of individuals.

Norse Goddess Magic

A practical guide to the magic of the feminine side of the Norse pantheon • Provides invocations and rituals to call each goddess forth for personal and group spirit work • Details the author's trancework to discover the personalities and powers of Frigg the Allmother, wife of Odin, and the 12 lesser-known Aesir goddesses associated with her • Offers a comprehensive guide to tranceworking to connect with the deities Combining traditional research on folklore and the Eddas with trancework and meditation techniques, Alice Karlsdóttir was able to rediscover the feminine side of the Norse pantheon and

assemble working knowledge of 13 Norse goddesses for both group ritual and personal spirit work. Detailing her trancework journeys to connect with the goddesses, the author reveals the long-lost personalities and powers of each deity. She explores the Norse goddess Frigg the Allmother, wife of Odin, along with the 12 Asynjur, or Aesir goddesses, associated with her, such as Sjofn the peacemaker, Eir the Healer, and Vor the Wisewoman. She shares their appearances in the Eddas and Germanic mythology and explains the meanings of their names, their relationships to each other, and their connections to the roles of women in Old Norse society. She provides detailed instructions for invocations and rituals to call each goddess forth for personal and group spirit work. She also offers a comprehensive guide to ritual tranceworking to allow anyone to directly experience deities and spiritual beings and develop spirit-work relationships with them.

The Labrador Eskimo

In his introduction to *The Well of Remembrance*, author Ralph Metzner provides a telling explanation of the theme of his work: "This book explores some of the mythic roots of the Western worldview, the worldview of the culture that, for better and worse, has come to dominate most of the rest of the world's peoples. This domination has involved not only economic and political systems but also values, basic attitudes, religious beliefs, language, scientific understanding, and technological applications. Many individuals, tribes, and nations are struggling to free themselves from the residues of the ideological oppression practiced by what they see as Eurocentric culture. They seek to define their own ethnic or national identities by referring to ancestral traditions and mythic patterns of knowledge. At this time, it seems appropriate for Europeans and Euro-Americans likewise to probe their own ancestral mythology for insight and self-understanding." Focusing on the mythology and worldview of the pre-Christian Germanic tribes of Northern Europe, Metzner offers a meaningful exploration of Western ancestry.

The Northern Light

Norse Myths & Legends

In an adventure of a lifetime, Alexander Armstrong wraps up warm and heads ever north to explore the hostile Arctic winter - the glittering landscape of Scandinavia, the isolated islands of Iceland and Greenland, and the final frontier of Canada and Alaska. Along the way he learns from the Marines how to survive sub-zero temperatures by eating for England, takes a white-knuckle drive along a treacherous 800-mile road that's a river in summer and, with great reluctance, strips off for a dip in the freezing Arctic waters - and that's all before wrestling Viking-style with a sporting legend called Eva as part of an Icelandic winter festival. Sharing the wonder of the Arctic in his inimitable style, *Land of the Midnight Sun* is a brilliantly

entertaining travelogue that takes readers on an exhilarating and hilarious journey to the farthest reaches of the globe. Through his witty exploration of the region's remarkable landscape and lifestyle, and its even more remarkable people, Armstrong proves himself the ideal travel companion.
