Discover the Rewards of Homeschooling Your Young Child
Young children are full of curiosity, imagination, and a sense of wonder. They're willing to try new things and possess a natural joy of discovery. Yet in a traditional school, these natural behavior traits are too often squelched. That's why more and more parents just like you are choosing to teach their children at home during these critical years—the years that lay the foundation for developing learning skills that last a lifetime. Inside, respected homeschooling author Linda Dobson shows you how homeschooling can work for you and your young

child. You'll discover how to: ·Tailor homeschooling to fit your family's unique needs ·Know when your child is ready to learn to read ·Teach your child arithmetic without fear—even if you're math-challenged ·Give your child unlimited learning on a limited budget ·And much more! "Brings dazzling clarity to the otherwise nerve-wracking confusion of early learning—and the adventure of becoming fully human. Highly recommended."—John Taylor Gatto, former New York State Teacher of the Year and author of *Dumbing Us Down* "Provides a much-needed introduction to living and learning with young children. Open the book to any page and you'll find inspiring anecdotes and approaches to learning that leave the reader thinking, 'That just makes so much sense!' Highly recommended for anyone who lives, works, or plays with young children."—Helen Hegener, managing editor of *Home Education Magazine* "An information-packed delight; I only wish it had been around when our three boys were three to eight years old."—Rebecca Rupp, author of *The Complete Home Learning Sourcebook* "This book brings together the experience and wisdom of a great variety of homeschooling families—tied together with warm encouragement and wonderful simplification of processes that can seem so mysterious and daunting to the beginner. A very solid resource!"—Lillian Jones, homeschooling activist, writer, and reviewer From the Trade Paperback edition.

As will be made clear in the pages that follow, this book is based on a field research project focused on rice-growing and undertaken in parts of North Arcot District in Tamil Nadu (India) and of Hambantota and Mon-eragala Districts, Sri Lanka. We use 'S.E. Sri Lanka' as shorthand for the whole of the latter study area, and 'Hambantota District' for the part of it which falls in that District. Except where the context requires otherwise, the present in our book refers to 1973-4; while 'Randam' and 'Paha-lagama' are fictitious names for real villages. The project was an inter-disciplinary one, involving workers qualified in economics, geography, hydrology, sociology, statistics and the study of the administration of development.

According to author Mike Schmoker, there is a yawning gap between the most well-known essential practices and the reality of most classrooms. This gap persists despite the hard, often heroic work done by many teachers and administrators. Schmoker believes that teachers and administrators may know what the best practices are, but they aren't using them or reinforcing them consistently. He asserts that our schools are protected by a buffer--a protective barrier that prevents scrutiny of instruction by outsiders. The buffer exists within the school as well. Teachers often know only what is going on in their classrooms--and they may be completely in the dark about what other teachers in the school are doing. Even principals, says Schmoker, don't have a clear view of the daily practices of teaching and learning in their schools. Schmoker suggests that we need to get beyond this buffer to confront the truth about what is happening in classrooms, and to allow teachers to learn from each other and to be supervised properly. He outlines a plan that focuses on the importance of consistent curriculum, authentic literacy education, and professional learning communities for teachers. What will students get out of this new approach? Learning for life. Schmoker argues passionately that students become learners for life when they have more opportunities to engage in strategic reading, writing with explicit guidance, and argument and discussion. Through strong teamwork, true leadership, and authentic learning, schools and their students can reach new heights. Results Now is a rally cry for educators to focus on what counts. If they do, Schmoker promises, the entire school community can count on unprecedented achievements.

Maryland is a very dangerous place for a black woman - but Dana has no choice but to go there, and keep going back. Rufus calls Dana to him whenever his life is threatened. Neither of them understands his power, nor how two such different people will come to depend on each other for survival. And the longer Dana spends with Rufus, the more aware she is that her own life might be over before it's even begun. This is the extraordinary story of two people bound by blood, separated by so much more than time - and confronting the inescapable ties between past and present.

The Tar Heel State

A New Voyage to Carolina

When first released in 2005, *The Tar Heel State* was celebrated as a comprehensive contribution to North Carolina's historical record. In this revised edition historian Milton Ready brings the text up to date, sharpens his narrative on the periods surrounding the American Revolution and the Civil War and offers new chapters on the 1920s; World War II and the 1950s; and the confrontation between Jim Hunt, North Carolina's longest-serving governor, and Jesse Helms, a transformational, if controversial, political presence in the state for more than thirty years. Ready's distinctive view of the state's history integrates tales of famous pioneers, statesmen, soldiers, farmers, and captains of industry; as well as community leaders with often-marginalized voices, including those of African Americans, women, and the LGBTQ+ community that have roiled North Carolina for decades. This beautifully illustrated volume gives readers a view of North Carolina that encompasses perspectives from the coast, the Tobacco Road region, the Piedmont, and the mountains. From the civil rights struggle to the building of research triangles, triads, and parks, Ready recounts the people, events, and dramatic demographic shifts since the 1990s, as well as the state's role in the rise of modern political conservatism and subsequent emergence as a modern megastate. In a concluding chapter Ready assesses the current state of North Carolina, noting the conflicting legacies of progressivism and conservatism that continue to influence the state's political, social, and cultural identities.

There's an Owl in the Shower

Borden's father, Leon, was a logger in the old-growth forests of California. That is, until the spotted-owl lovers interfered. One day, frustrated by his father's unemployment, Borden sets out on a mission of revenge against the spotted owl but returns home with a half-starved owlet instead. The family soon discovers that the owlet, whom Borden names Bardy, loves to take showers and watch late-night TV. Only after the whole family has fallen in love with Bardy do they realize that the conflict between nature and human industry is not so easily resolved. Award-winning nature writer Jean Craighead George tells a heartwarming story about a family and their love affair with a special little owl.

Rediscover the unforgettable, heart-wrenching romance set in post-World War II North Carolina, about a young socialite who can't forget the boy who once stole her heart--now one of PBS's Top 100 "Great American Reads." Every so often a love story so captures our hearts that it becomes more than a story--it becomes an experience to remember forever. The

Notebook is such a book. It is a celebration of how passion can be ageless and timeless, a tale that moves us to laughter and tears and makes us believe in true love all over again. At thirty-one, Noah Calhoun, back in coastal North Carolina after World War II, is haunted by images of the girl he lost more than a decade earlier. At twenty-nine, socialite Allie Nelson is about to marry a wealthy lawyer, but she cannot stop thinking about the boy who long ago stole her heart. Thus begins the story of a love so enduring and deep it can turn tragedy into triumph, and may even have the power to create a miracle.

In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now. *Fabric of a Nation* is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!
