Whatever your fitness regimen, health goals, or daily routine, The Healthy Juicer’s Bible is the ultimate, comprehensive resource for every aspect of the wonderful world of juicing!

Principles of the Law of Scotland

Buckley on the Companies Acts

Before the Civil War, America's slave states were enmeshed in the modernizing trends of their time but that history has been obscured by a deeply ingrained view of the Old South as an insular society with few outward connections. The Old South's Modern Worlds looks beyond this myth of an isolated and backward-looking South to identify some of the many ways that the modern world shaped antebellum southern society. Removing the screen of southern traditionalism turns up new stories about slaves as religious missionaries, Native Americans as hard-driving capitalists, cottoncultivators as genetic scientists, proslavery politicians as nationalists, and planters as experimenters in sexuality. The essays gathered in this volume not only tell these jarringly modern tales of the Old South, they also explore the compatibility of slavery - the defining feature of antebellumsouthern life - and cultural and material markers of modernity such as moral reform, cities, and industry. The Old South emerges from this volume in a new relationship to national and global histories. Considered as proponents of American manifest destiny, antebellum southern politicians look more like nationalists and less like separatists. Southerners' enthusiasm for humanitarian missions and their debates with moral reformers across the Atlantic bring out the global currents that cut against the localism of southern life. The roles that cities played in marketing, policing, and leasing slaves counteracted the erosion of slave discipline in urban settings. The turmoil that changes in Asian and European agriculture wrought among southern staple producers show the interconnections between seemingly isolated southern farms and markets in distant lands. Diverse and riddled with contradictory impulses, antebellum southerners encounters with modernity reveal the often discomfoting legacies left by the Old South on the future of America and the world.

Opera Omnia

The Making of Modern Law: Foreign, Comparative and International Law, 1600-1926, brings together foreign, comparative, and international titles in a single resource. Its International Law component features works of some of the great legal theorists, including Gentili, Grotius, Selden, Zouche, Pufendorf, Bijnkershoek, Wolff, Vattel, Martens, Mackintosh, Wheaton, among others. The materials in this archive are drawn from three world-class American law libraries: the Yale Law Library, the George Washington University Law Library, and the Columbia Law Library. Now for the first time, these high-quality digital scans of original works are available via print-on-demand, making them readily accessible to libraries, students, independent scholars, and readers of all ages.+++++++The below data was compiled from various identification fields in the bibliographic record of this title. For a healthier, happier lifestyle, look no further than Superjuice as a natural recipe for success.

Getting The Best Out Of Your Juicer

Annals of Scotland

The Wheatgrass Book is written by Ann Wigmore - the woman who introduced wheatgrass juice to America 30 years ago. Ann's book contains a wealth of information on wheatgrass - from its nutrient properties to ways of easily growing it for the home juicer. Chapters include: green power from wheatgrass, how wheatgrass chlorophyll works, super nutrition from wheatgrass, how to grow and juice wheatgrass and the many uses of wheatgrass. This is a must for the person serious about incorporating wheatgrass into his or her health regimen.
