Drawing on a wide body of research, including extensive in-depth interviews, THE ONE THING YOU NEED TO KNOW reveals the central insights that lie at the core of: Great Managing, Great Leadership and Great Careers. Buckingham uses a wealth of relevant examples to reveal that at the heart of each insight lies a controlling insight. Lose sight of this 'one thing' and all of your best efforts at managing, leading, or individual achievement will be diminished. For great managing, the controlling insight has less to do with fairness, or team building, or clear expectations (although all are important). Rather, the one thing great managers know is the need to discover and then capitalize on what is unique about each person. For leadership, the controlling insight is the opposite - discover and capitalize on what is universal to all your people, regardless of differences in personality, race, sex, or age. For sustained individual success, the controlling insight is the need to discover

what you don't like doing, and know how and when to stop doing it. In every way a groundbreaking work, THE ONE THING YOU NEED TO KNOW offers crucial performance and career lessons for business people at every level.

It had happened so slowly over the years that I hadn't even noticed it, and only now, in retrospect, do I realize how much my mind had changed in that time. But for you to really understand, you would have to be able to read my mind.

“God, not you, made marriage. His Spirit inhabits even the smallest details of marriage ” —Malachi 2:15 (MSG) Solidifying the family structure—through properly established marriages—is the key to both poverty alleviation and better-functioning communities. From this revelation was born this book, What You Need to Know about Marriage. The timeliness of this book cannot be overemphasized, in the context of the growing divorce rate in the Church today, which is fast competing with that in the world. If we want to see fewer suicides, less gun violence, less drug addiction, and lower school dropout rates in our communities, the

Lord's instruction is that we must rethink the basis of our marriage culture to realign it with God's original framework. Thus, this book appeals to both individuals and policymakers.
