Administrative Thinkers

Using a broad definition of the Durkheimian tradition, this book offers the first systematic attempt to explore the Durkheimians' engagement with art. It focuses on both Durkheim and his contemporaries as well as later thinkers influenced by his work. The first five chapters consider Durkheim's own exploration of art; the remaining six look at other Durkheimian thinkers, including Marcel Mauss, Henri Hubert, Maurice Halbwachs, Claude Lévi-Strauss, Michel Leiris, and Georges Bataille. The contributors-scholars from a range of theoretical orientations and disciplinary perspectives-are known for having already produced significant contributions to the study of Durkheim. This book will interest not only scholars of Durkheim and his tradition but also those concerned with aesthetic theory and the sociology and history of art.

The first mystery in a truly unique crime series. 'There comes a time when a novel raises the bar for a particular genre, and The Sea Detective does just that for Scottish crime fiction' (Scotsman) Cal McGill is an Edinburgh-based oceanographer, environmentalist and one-of-a-kind investigator. Using his knowledge of the waves - ocean currents, prevailing winds, shipping records - McGill can track where objects have come from, or where they've gone. It's a unique skill that can help solve all sorts of mysteries. Such as when two severed feet wash up miles apart on two different islands off the coast of Scotland. Most strangely, forensic tests reveal that the feet belong to the same body. As Cal McGill investigates, he unravels a web of corruption, exploitation and violence, which threatens many lives across the globe - very soon including his own Praise for The Sea Detective: 'Raises the bar for Scottish crime fiction elegantly written and compelling' The Scotsman 'Excellent' The Literary Review - top five crime books of the year 'Promises to be a fine series of detective novels' Sunday Times Crime Book of the Month 'An unusual, interesting and enthralling read' Shotsmag 'A compelling protagonist' The Times Literary Supplement

New York City is not only The New Yorker magazine's place of origin and its sensibility's lifeblood, it is the heart of American literary culture. Wonderful Town, an anthology of superb short fiction by many of the magazine's most accomplished contributors, celebrates the seventy-five-year marriage between a preeminent publication and its preeminent context with this collection of forty-four of its best stories from (so to speak) home. East Side? Philip Roth's chronically tormented alter ego Nathan Zuckerman has just moved there, in "Smart Money." West Side? Isaac Bashevis Singer's narrator mingles with the customers in "The Cafeteria" (who debate politics and culture in four or five different languages) and becomes embroiled in an obsessional romance. And downtown, John Updike's Maples have begun their courtship of marital disaster, in "Snowing in Greenwich Village." Wonderful Town touches on some of the city's famous places and stops at some of its more obscure corners, but the real guidebook in and between its lines is to the hearts and the minds of those who populate the metropolis built by its pages. Like all good fiction, these stories take particular places, particular people, and particular events and turn them into dramas of universal enlightenment and emotional impact. Each life in it, and each life in Wonderful Town, is the life of us all. Including these stories from the magazine's most iconic writers: "The Five-Fourty-Eight" by John Cheever "Distant Music" by Ann Beattie "Sailor off the Bremen" by Irwin Shaw "Physics" by Tama Janowitz "The Whore of Mensa" by Woody Allen "What it was Like, Seeing Chris" by Deborah Eisenberg "Drawing Room B" by John O'Hara "A Sentimental Journey" by Peter Taylor "The Balloon" by Donald Barthelme "Another Marvellous Thing" by Laurie Colwin "The Failure" by Jonathan Franzen "Apartment Hotel" by Sally Benson "Midair" by Frank Conroy "The Catbird Seat" by James Thurber "I See You, Bianca" by Maeve Brennan "You're Ugly, Too" by Lorrie Moore "Signs and Symbols" by Vladimir Nabokov "Poor Visitor" by Jamaica Kincaid "In Greenwich, There Are Many Gravelled Walks" by Hortense Calisher "Some Nights When Nothing Happens Are the Best Nights in this Place" by John McNulty "Slight Rebellion Off Madison" by J. D. Salinger "Brownstone" by Renata Adler "Partners" by Veronica Geng "The Evolution of Knowledge" by Niccolo Tucci "The Way We Live Now" by Susan Sontag "Do the Windows Open?" by Julie Hecht "The Mentocrats" by Edward Newhouse "The Treatment" by Daniel Menaker "Arrangement in Black and White" by Dorothy Parker "Carlyle Tries Polygamy" by William Melvin Kelley "Children Are Bored on Sunday" by Jean Stafford "Notes from a Bottle" by James Stevenson "Man in the Middle of the Ocean" by Daniel Fuchs "Me Spoulets of the Splendide" by Ludwig Bemelmans "Over by the River" by William Maxwell "Baster" by Jeffrey Eugenides "The Second Tree from the Corner" by E. Astonishing X-Men Vol. 2

Lurps is the revised edition of the memoir of a juvenile delinquent who drops out of ninth grade to chase his dream of military service. After volunteering for Vietnam, he joins the elite U.S. Army LRRP/Rangers—small, heavily armed long-range reconnaissance teams that patrol deep in enemy-held territory. It is 1968, and the Lurps find themselves in some of the war's hairiest campaigns and battles, including Tet, Khe Sanh, and A Shau. Readers witness all the horrors, humor, adrenaline, and unexpected beauty through the eyes of a green young warrior. Gone are the heroic clichés and bravado as compelling narrative and realistic dialogue sweep the reader along with a powerful sense that this is actually happening. This poignant coming-of-age story explores the social background that shaped the protagonist's thinking, his uncertain quest for redemption through increased responsibility, the brotherhood of comrades in arms, women and sexual awakening, and the baffling randomness of who lives and who dies.

The Works of of the Rev. Jonathan Swift

Fought on July 28, 1864, the Battle of Ezra Church was a dramatic engagement during the Civil War's Atlanta campaign. Confederate forces under John Bell Hood desperately fought to stop William T. Sherman's advancing armies as they tried to cut the last Confederate supply line into the city. Confederates under General Stephen D. Lee nearly overwhelmed the Union right flank, but Federals under General Oliver O. Howard decisively repelled every attack. After five hours of struggle, 5,000 Confederates lay dead and wounded, while only 632 Federals were lost. The result was another major step in Sherman's long effort to take Atlanta. Hess's compelling study is the first book-length account of the fighting at Ezra Church. Detailing Lee's tactical missteps and Howard's vigilant leadership, he challenges many common misconceptions about the battle. Richly narrated and drawn from an array of unpublished manuscripts and firsthand accounts, Hess's work sheds new light on the complexities and significance of this important engagement, both on and off the battlefield.

The Heroes in Training are entering the Underworld—if Hades can conquer his canine fears, that is. The Underworld usually isn't really meant to be a fun place—but tell that to Hades! He loves the dark and the stinky smell of sulfur. However, there is one thing that Hades is not a fan of: dogs. And when Zeus and his fellow Olympians encounter Cerberus—a snarling, three-headed dog—Hades must conquer his fears and tame the hound so everyone can continue into the Underworld and deposit their Titan prisoner, Oceanus, back where he belongs! Zeus and the Thunderbolt of Doom

For most Christians, marriage is considered a sacrament, created and uniquely blessed by God. Yet, the theology of marriage rarely matches the actual experience. Marriage is too often a violent, loveless institution—and it is increasingly delayed, avoided, or terminated. *Marriage After Modernity* offers new hope for Christian marriage at a time of unprecedented social and theological change. It provides an unreserved commendation of Christian marriage, reaffirming its status as a sacrament and institution of mutual self-giving. At the same time, it breaks new ground. It draws on earlier traditions of betrothal and informal marriage to accept some forms of pre-marital cohabitation and provides a new defense of the link between marriage and procreation by sketching a theology of liberation for children. Chapters shed new light on divorce and legitimate theological grounds for 'the parting of the ways,' contraception, and the question of whether marriage is a heterosexual institution. Particular attention is paid throughout the book to overcoming the androcentric bias of much Christian thought and the distorting effect it has had on marriage. *Marriage After Modernity* argues for a vision of marriage which does not abandon its history, and which draws upon its premodern roots to grapple with our current social, cultural, and intellectual upheavals.

Hyperion and the Great Balls of Fire

Durkheim, in his very role as a 'founding father' of a new social science, sociology, has become like a figure in an old religious painting, enshrouded in myth and encrusted in layers of thick, impenetrable varnish. This book undertakes detailed, up-to-date investigations of Durkheim's work in an effort to restore its freshness and reveal it as originally created. These investigations explore his particular ideas, within an overall narrative of his initial problematic search for solidarity, how it became a quest for the sacred and how, at the end of his life, he embarked on a project for a new great work on ethics. A theme running through this is his concern with a modern world in crisis and his hope in social and moral reform. Accordingly,

the book concludes with a set of essays on modern times and on a crisis that Durkheim thought would pass but which now seems here to stay.

The Sea Detective

As a leading Confederate general, Braxton Bragg (1817–1876) earned a reputation for incompetence, for wantonly shooting his own soldiers, and for losing battles. This public image established him not only as a scapegoat for the South's military failures but also as the chief whipping boy of the Confederacy. The strongly negative opinions of Bragg's contemporaries have continued to color assessments of the general's military career and character by generations of historians. Rather than take these assessments at face value, Earl J. Hess's biography offers a much more balanced account of Bragg, the man and the officer. While Hess analyzes Bragg's many campaigns and battles, he also emphasizes how his contemporaries viewed his successes and failures and how these reactions affected Bragg both personally and professionally. The testimony and opinions of other members of the Confederate army—including Bragg's superiors, his fellow generals, and his subordinates—reveal how the general became a symbol for the larger military failures that undid the Confederacy. By connecting the general's personal life to his military career, Hess positions Bragg as a figure saddled with unwarranted infamy and humanizes him as a flawed yet misunderstood figure in Civil War history.
