Revised and Updated in November 2020! The hills of the East Bay contain one of the finest and densest urban hiking environments in the state of California—more than 400 paved pathways and public staircases lattice up and down the slopes of Berkeley and Oakland alone. Rising high above the city centers, with towering views of the San Francisco Bay, the Bay Bridge, and San Francisco itself, these elegant civic walking trails—many of them shaded in oaks and redwoods, and many unknown even to local residents—present a unique landscape for both the casual walker and dedicated hiker. Charles Fleming, the Southern California author whose bestselling 2010 walking guide *Secret Stairs* turned the hidden public staircases of Los Angeles into popular hiking trails, now turns his eyes northward. For *Secret Stairs: East Bay*, Fleming has designed more than 30 individual hiking loops. Linking multiple staircases into one-to two-hour self-guided strolls, these urban treks will delight the tourist, newly arrived Berkeley undergraduate, and veteran Bay Area resident alike. The circular walks, each calibrated by length, difficulty, and duration—and each accompanied by a detailed, easy-to-follow map—are sprinkled with fascinating facts about the historic staircases, the historic homes around them, and the famous Bay Area characters who gave them their names. Walk the walks of Bret Harte, Mark Twain, and John Muir! Climb Berkeley's massive Fred Herbert and Tamalpais Paths, hike Easter Way, and summit Sunset Trail! Mount Oakland's Oakmore stairs, then tackle the hills of Upper Rockridge and Crocker Highlands via the public staircases. And do it all within easy walking distance from BART or bus stops, free parking, and excellent Bay Area cafés. Step into the exquisite, miniature world of the mice of Brambly Hedge in this beautiful new edition of the classic picture book. It is Midwinter's Eve and the mice of Brambly Hedge are very busy. Joyce leaned her black Triumph bicycle against a wall, and shivered in the foggy, early dawn light. Glancing up at the enormous wooden, carved gate, she hesitated. This was a secret world she was about to enter... For 16 year old Joyce, who lived in one of the poorest streets in Cambridge, the college building where she was about to enter represented privilege, wealth, a life she'd never live. As a bedder, Joyce would be working up and down one of the stone staircases, making the beds of the male students, sweeping floors, dusting desks. She never expected to also find herself mothering, chastising and sometimes even covering up for 'her boys'. The Staircase Girls takes us into the lives of Joyce and other bedders, like Nance, Maud, Rose and Audrey. They endured the Second World War and then had to contend with poverty, ill health and bereavement. They loved, lost and loved again. But their friendships gave them strength, and their work gave them happiness - and even a lasting connection with their

charges, some of whom would go on to run the country. Revealing their untold stories for the first time, this is a vivid, poignant account of these remarkable women's lives.

An army brat-turned-marine, he saw combat in Vietnam, and returned a decorated soldier. An avid reader, his dreams of being an acclaimed novelist came true. His desire to find love was fulfilled when he married brilliant executive Kathleen Atwater, the first female student accepted at Duke University's School of Engineering. The Petersons seemed the ideal academic couple- well-respected, prosperous, and happy. All that came crashing down in December of 2001, when Kathleen apparently fell to her death in their secluded home in an exclusive area of Durham, North Carolina. But blood spattered evidence and a missing fireplace poker suggested calculated, cold-blooded murder. Her trusted husband stood accused. Prosecutors introduced evidence at trial that sixteen years earlier, Peterson was one of the last people to see his neighbor alive before she was found dead at the bottom of a staircase in her home in Germany. A dramatic trial followed in the explosive final chapter of a life that no novelist could ever have conceived... Written in Blood is a 2006 Edgar Award Nominee for Best Fact Crime.

On December 9, 2001, the bloody body of Kathleen Peterson was found dead at the bottom of the stairs in the North Carolina home she shared with her husband and novelist Michael Peterson. "My wife had an accident," Peterson says on the 911 call. "She's still breathing. She fell down the stairs." However, blood-splattered evidence and a missing fireplace poker suggested it was a cold-blooded murder. Within two years, Michael Peterson was convicted of first-degree murder and sentenced to life in prison. During Mike Peterson's trial, Duane Deaver, blood-spatter expert, gave his testimony in which he explained that the blood present on the staircase wall and on Michael's clothes, was evident that the accused was guilty of the first-degree murder charge of Kathleen Peterson. His testimony played a crucial role in sending Michael behind bars. His perjury testimony played a decisive role in Peterson being released. The trial that followed was full of interpretations and cockamamie theories; blaming the death on everything from an owl attack to connecting it to a second death similar in nature, that of his once neighbor Elizabeth Ratliff, who also was found dead at the bottom of stairs. Was the 911 call all an act? What about the owl theory? What was the motive? What happened to the murder weapon? Was there an accomplice who got rid of the weapon? What really happened on 'The Staircase'? Based on the very bias Netflix documentary

The Baron's connection to the world of international espionage means that if the Inspector isn't fast enough, the Baron's disappearance might trigger a war. And Lefebvre mustn't forget those stalking anarchists who are out for his blood, as he searches for the man who wasn't there...

Underneath the steps leading down to Eric's basement is a hidden storage space. It's dusty and old -- nothing special at all. But when Eric, Julie, and Neal all huddle inside the gray room together, something unbelievable happens. A glittering light and then a rainbow-colored staircase appear. And as the kids take their very first step down into the mysterious land of Droon, they know that only magic and adventure await them! Book jacket.
