The search for a means to an end to apartheid erupts into conflict between a black township youth and his "old-fashioned" black teacher.

Over 8,500 questions are in the Big Fat Trivia & General Knowledge Quiz Book! Excellent value!

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

The Politics of South African Football is the story of people whose vehement resistance and declaration that there could be "no normal sport in an abnormal society" proved to be a powerful antidote to the apartheid government's assurances that "all was well". Oshebeng Alphe Koonyaditse gives an inspiring account of the event-filled journey that led to that memorable Saturday of May 15, 2004. For the first time in World Cup history South Africa, and indeed Africa, won the right to host the nations of the world at the FIFA World Cup in 2010. Yet, South African football history began long before that, and in fact goes back to before the formation of FIFA in 1904.

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

Despite consensus about the importance of multigenerational analysis for studying the long-term impact of immigration, most studies in Israel have focused on the integration of first-generation migrants, neglecting key changes (in economic, social, linguistic, and identity outcomes) that occur intergenerationally. Rebeca Raijman tackles this important but untold story with respect to Jewish South African immigration in Israel. By collecting data from three generational cohorts, Raijman analyzes assimilation from a comparative multigenerational perspective. She also combines both quantitative and qualitative evidence with in-depth interviews and participant observation, thereby providing a rich and more complete picture of the complex process of migrant assimilation. While the migrant subpopulation of South Africa has not received the attention that immigrant populations from the former Soviet Union and Ethiopia have, as English-speaking migrants they are a powerful and significant group. Given the status of English as an international language, this study has important implications for understanding the expected assimilation trajectories of Anglophone immigrants in Israel as well as in other non-English-speaking societies. South African Jews in Israel not only contributes empirical material concerning immigrants in Israeli society but also articulates a theoretical understanding of the social mechanisms underlying the integration of various generations of immigrants into a variety of societal domains.

Concern about children's reading is an international issue highlighted by continuing OECD research. Government actions such as the priority

given to reading in the review of the National Curriculum reflect current UK concern. In an era of public spending cuts it is important to reflect upon the impact that libraries can have in growing readers for the future. This much-needed book provides valuable evidence of successes so far both nationally and internationally, and offers ideas for future development as well as inspiration for current practice. An edited collection contributed by expert practitioners, it covers all aspects of promoting reading to and with children and young people from birth right through to teenage years, including the following key topics: the importance of Bookstart how children begin to read creating young readers literacy, libraries and literature in New Zealand the Summer Challenge in libraries Stockport does Book Idol restoring reading to the classroom promoting excellence - shadowing the CILIP Carnegie and Kate Greenaway medals local book awards the sport of reading libraries and partnerships the hard to reach reader in the 21st century creative reading. The Hidden History of South Africa's Book and Reading Cultures shows how the common practice of reading can illuminate the social and political history of a culture. This ground-breaking study reveals resistance strategies in the reading and writing practices of South Africans; strategies that have been hidden until now for political reasons relating to the country's liberation struggles. By looking to records from a slave lodge, women's associations, army education units, universities, courts, libraries, prison departments, and political groups, Archie Dick exposes the key works of fiction and non-fiction, magazines, and newspapers that were read and discussed by political activists and prisoners. Uncovering the book and library schemes that elites used to regulate reading, Dick exposes incidences of intellectual fraud, book theft, censorship, and book burning. Through this innovative methodology, Dick aptly shows how South African readers used reading and books to resist unjust regimes and build community across South Africa's class and racial barriers.

In 1939, hatred took root in South Africa, where the seeds of apartheid were newly sown. There a boy called Peekay was born. He spoke the wrong language—English. He was nursed by a woman of the wrong color—black. His childhood was marked by humiliation and abandonment. Yet he vowed to survive—he would become welterweight champion of the world, he would dream heroic dreams. But his dreams were nothing compared to what awaited him. For he embarked on an epic journey, where he would learn the power of words, the power to transform lives, and the mystical power that would sustain him even when it appeared that villainy would rule the world: *The Power of One*.

Obi manages to resist the bribes that are offered to him, but when he falls in love with an unsuitable girl - to the disapproval of his parents - he sinks further into emotional and financial turmoil. The lure of easy money becomes harder to refuse, and Obi becomes caught in a trap he cannot escape.
